**Notice of Availability of the Draft
Environmental Impact Statement
(DEIS) for the Gillette South Coalbed
Methane Project, Campbell County,
Wyoming**

SUMMARY: The Bureau of Land Management (BLM) announces the availability of the Gillette South Coalbed Methane Project Draft Environmental Impact Statement (DEIS) which analyzes the environmental consequences of coalbed methane development within the Gillette South Project area. This development area is located in Campbell County and generally located within Townships 42 through 49 North; Ranges 70 through 73 West, 6th Principal Meridian. The area is accessed by U.S. Highway 59 south of Gillette, Wyoming. Access to the interior of the project area is provided by a road system developed to service prior and ongoing drilling and production activities.

DATES: Comments on the DEIS will be accepted through May 12, 1997.

ADDRESSES: Comments on the draft EIS should be sent to Mr. Richard Zander, Bureau of Land Management, Buffalo Resource Area, 1425 Fort Street, Buffalo, Wyoming 82834.

SUPPLEMENTARY INFORMATION: The draft EIS analyzes a proposed action and the no action alternative. It also considers four other alternatives: restrict timing of approval of Federal wells, reduce number of Federal wells approved, change the method of surface water disposal, and inject produced water underground. The proposal presented by the project operators is to continue to drill additional wells on their leased acreage within this natural gas development area.

Over the next 3 to 5 years, the project operators propose to drill up to 400

additional wells (210 private or State, and 190 Federal) to obtain maximum recovery of natural gas from existing Federal (41 percent), State, and private oil and gas leases. The draft EIS describes the physical, biological, cultural, historic, and socioeconomic resources in and surrounding the project area. The focus of the impact analysis was based upon resource issues and concerns identified during public scoping.

Dated: April 4, 1997.

State Director.
