The State Identification Systems (SIS) Grant Program enables eligible States to support three types of efforts. Funds may be applied to establish, develop, update, or upgrade:

(1) Computerized identification systems that are compatible and integrated with the databases of the National Crime Information Center (NCIC) of the Federal Bureau of Investigation;

(2) The capability to analyze deoxyribonucleic acid (DNA) of their forensic laboratories in ways that are compatible and integrated with the Combined DNA Identification System (CODIS) of the Federal Bureau of Investigation; and

(3) Automated fingerprint identification systems that are compatible and integrated with the Integrated Automated Fingerprint Identification System (IAFIS) of the Federal Bureau of Investigation.

**Eligibility:** To be eligible to receive a grant under this program, a State shall require that each person convicted of a felony of a sexual nature provide to appropriate State law enforcement officials, as designated by the chief executive officer of the State, a sample of blood, saliva, or other specimen necessary to conduct a DNA analysis consistent with the standards established for DNA testing by the FBI Director.

For purposes of the SIS grant program, the term "State" means any State of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the Virgin Islands, American Samoa, Guam and the Commonwealth of the Northern Mariana Islands. However, for the purpose of this program, American Samoa and the Commonwealth of the Northern Mariana Islands shall be considered as one State

whereby, 67 percent of the amounts allocated shall be allocated to American Samoa and 33 percent to the Commonwealth of the Northern Mariana Islands. The determination of which states are eligible will be made by the FBI.

The Fiscal Year 1997 appropriation for the "State Identification Systems Grant Program" is \$9.5 million.

An application kit will be mailed to agencies designated by the Governor or Chief Executive Officer of States. The designated State agency will be responsible for submitting the State's application, selecting subrecipients to receive funds, disbursing funds, and performing other administrative functions. Any State that does not receive a copy of the application kit may obtain a copy by contacting the Bureau of Justice Assistance through the DOJ Response Center as described below.

Each State and territory has been allocated approximately \$172,727 except for American Samoa which is allocated \$115,727 and Northern Mariana Islands which is allocated \$57,000.

Any appropriated funds which cannot be awarded in any fiscal year shall be carried forward to the next fiscal year and added to the amount appropriated by Congress for the SIS Grant Program.

Expenditures for the SIS Grant Program may include equipment, supplies, training or education expenses, modifications to space necessary to accommodate equipment, contractor-provided services to address backlog or program implementation issues, and State and local personnel expenses if personnel are devoted to a qualifying identification project(s).

States receiving funding under this program are not required to pass through funding to local agencies. However, States may use grant funds in conjunction with local government agencies or enter into a compact(s) with another State(s) to carry out the grant purposes. No match is required and the Federal funds may cover up to 100% of the total cost of the project(s) described in the application.

States are advised to coordinate SIS program resources and activities with related activities supported by other federal grant programs including the Bureau of Justice Assistance Byrne Formula Grant Program, the National Institute of Justice DNA Laboratory Improvement Program, and the Bureau of Justice Statistics National Criminal History Records Improvement Program (NCHIP).
