

ATTACHMENT—CHEMICALS APPROVED FOR STUDY BY THE NTP EXECUTIVE COMMITTEE ON FEBRUARY 27, 1997—
Continued

Chemical (CAS number)	Nomination source	Testing recommendations	Study rationale remarks
α -Hydroxy Acids (and their salts) ...	FDA	Phototoxicity; Chronic toxicity	Odorant in toxic gases. Chemical intermediate. FDA's FY 1997 priority nomination.
Glycolic Acid (79-14-1)	Skin care product uses.
Lactic Acid (50-21-5)	Class study.
Methyl Isobutyl Ketone (108-10-1)	NCI	Carcinogenicity	High production volume. Environmental exposure.
Methylamine (74-89-5)	NCI; Private individual	Pharmacokinetics	Component of many foods.
β -Myrcene (123-35-3)	NIEHS	Metabolism studies; Consider for carcinogenicity.	May be metabolized to a diepoxide. High production and high level of natural exposure.
Octachloronaphthalene (2234-13-1).	NCI	Liver P450 enzyme induction; Estrogenic activity.	Potential to bioaccumulate and enter food chain as component of halowaxes.
Propargyl Alcohol (107-19-7)	NCI	Subchronic toxicity	High production and human exposure.
Sodium Thioglycolate (367-51-1) ..	NCI	Reproductive toxicity	High production and occupational and human exposure in hair care products.

BILLING CODE 4140-01-M

DEPARTMENT OF HEALTH AND HUMAN SERVICES**Substance Abuse and Mental Health Services Administration****Supplemental Awards for Women and Children's Residential Treatment Program Grantees**

AGENCY: Center for Substance Abuse Treatment (CSAT), Substance Abuse and Mental Health Services Administration (SAMHSA), HHS.

ACTION: Availability of Supplemental Funds for Currently Funded Grantees in CSAT Woman and Children's Program for Pregnant and Postpartum Women (PPW) and Residential Treatment Program for Women and their Children (RWC).

SUMMARY: This notice is to inform the public that CSAT is making available approximately \$1.5 million for supplemental awards in FY 1997 to existing PPW and RWC grantees in the Women and Children's Program to expand and/or enhance services for children. Competition is being limited to the 53 currently funded PPW and RWC grantees with at least one year of funding remaining as of September 30, 1997 (as reflected on the current Notice of Grant Award). Given the necessarily short implementation timeframe and limited funds available for this activity, and the need for reliable evaluation designs that can easily incorporate

additional children's services, the existing CSAT treatment grant projects for women and children are the only projects that can effectively implement the services to be provided under this GFA. These projects have already demonstrated that they can effectively provide therapeutic services for children, and operate within well established infrastructures with knowledgeable, trained staff in addressing children's issues. They also have demonstrated solid and proven experience in the provision of services for children. Finally, these projects are required by legislation to provide comprehensive services for children of addicted women. These supplements will enhance the delivery of the statutorily-required services.

Applications will be considered for funding on the basis of their overall technical merit as determined through the peer and CSAT National Advisory Council review process.

Supplemental awards will be provided to PPW and RWC grantees to expand and/or enhance services for children of substance abusing parents. Grantees may apply for support to expand and/or enhance services for children within the scope of the current residential treatment grant, and may also apply for funds to increase the availability of child care services for women in any component of treatment under the administration of the sub-recipient treatment provider. The maximum amount of any one grant award will be \$300,000.

Authority: Supplemental awards will be made under authority of sections 508 and

510 of the Public Health Service Act, as amended (42 U.S.C. 290bb-1 and 42 U.S.C. 290bb-3, respectively.)

CONTACT: Maggie Wilmore, Center for Substance Abuse Treatment, SAMHSA, Rockwall II Building, Suite 7A-145, 5600 Fishers Lane, Rockville, Maryland 20857 (Telephone: 301 443-8216).

The Catalog of Federal Domestic Assistance (CDFA) numbers are 93.101 for the PPW Program and 93.102 for the RWC Program.

Dated: April 15, 1997.

Richard Kopanda,

Executive Officer, Substance Abuse and Mental Health Services Administration.

Supplemental Environmental Impact Statement (EIS) on Oil and Gas Development

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of intent to prepare a Supplemental Environmental Impact Statement (EIS) on Oil and Gas Development in the Glenwood Springs Resource Area, Colorado.

SUMMARY: Pursuant to sec. 102 of the National Environmental Policy Act of 1969 and sec. 202 and sec. 303 of the Federal Land Policy and Management Act of 1976, the Bureau of Land

Management will be preparing a supplemental EIS on the impacts of oil and gas development in the Glenwood Springs Resource Area.

DATES: Comments will be accepted until May 21, 1997.

ADDRESSES: Comments should be sent to the Area Manager, Glenwood Springs Resource Area, Bureau of Land Management, P.O. Box 1009, Glenwood Springs, CO 81602, ATTN: Oil and Gas EIS.

FOR FURTHER INFORMATION CONTACT: Steve Moore, (970) 947-2813.

SUPPLEMENTARY INFORMATION: Oil and gas leasing and development in the Glenwood Springs Resource Area (GSRA) was considered in the Colorado Oil and Gas Leasing and Development EIS (COGEIS, January, 1991). The assumptions about the level of development made in the original EIS are no longer valid and a modification is required to reflect new information about the level of development. The original EIS assumed construction of 90 wells over 20 years, at an average spacing of 160 to 320 acres per well; since publication of the EIS it has become apparent that actual development in the GSRA will exceed the level evaluated in that document and that, in some locales, the density will be greater than 160 acres per well. The supplemental document will evaluate a higher level of development and higher densities.

Mitigation measures for oil and gas development were developed in the GSRA Resource Management Plan (RMP) and in the COGEIS. The supplement will evaluate expanded development in the context of those measures and will also consider new mitigation measures. Other areas of evaluation will include: the effectiveness of additional lease stipulations in mitigating impacts; the success achieved in reclaiming areas disturbed by development; the impacts on wildlife.

Additionally, the GSRA may acquire all or portions of Naval Oil Shale Reserves (NOSR) 1 and 3 during the supplemental EIS process. The transfer of these lands from the Department of Energy to the Bureau of Land Management is currently being considered by Congress. Should the transfer occur during preparation of the supplemental EIS, the GSRA will consider the possibility of including in the analysis up to 6,000 acres of NOSR 3 which is already experiencing oil and gas development. This portion of NOSR 3 is immediately adjacent to those BLM lands being developed for oil and gas, is similar in character to the BLM lands

and would likely be subject to the same types of stipulations.

The supplemental EIS process will take place during the spring and summer, 1997. A draft EIS is planned for August, 1997.

Scoping will include a news release announcing the beginning of the supplemental process and letters to all participants in the original EIS process and additional interested parties. A question and answer sheet which further describes the reasons for the supplement and some of the issues to be addressed is available upon request.

Michael S. Mottice,

Area Manager.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[NV-030-1430-01; NVN 61131]

Notice of Realty Action; Recreation and Public Purposes Act Classification; Mineral County, NV

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: The following described land, comprising 15.00 acres, has been examined and is determined to be suitable for classification for lease or conveyance pursuant to the authority in the Recreation and Public Purposes Act, as amended (43 U.S.C. 869 et seq.):

Mt. Diablo Meridian, Nevada

T. 7 N., R. 34 E.

Sec. 24, SE $\frac{1}{4}$ NE $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$,
NE $\frac{1}{4}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$ SW $\frac{1}{4}$,
S $\frac{1}{2}$ NW $\frac{1}{4}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$,
N $\frac{1}{2}$ SW $\frac{1}{4}$ SE $\frac{1}{4}$ SW $\frac{1}{4}$.

SUPPLEMENTARY INFORMATION: The public land is located northwest of Mina in Mineral County. The land is not needed for Federal purposes. Lease or conveyance is consistent with current BLM land use planning and would be in the public interest. Mineral County has expressed an interest in constructing a solid waste transfer station on the site.

The patent, when issued will be subject to the provisions of the Recreation and Public Purposes Act and to all applicable regulations of the Secretary of the Interior, and the following reservations to the United States:

1. A right-of-way thereon for ditches and canals constructed by the authority of the United States. Act of August 30, 1890 (43 U.S.C. 945).

2. All mineral deposits in the land so patented, and to it, or persons

authorized by it, the right to prospect for, mine and remove such deposits from the same under applicable law and regulations to be established by the Secretary of the Interior.

Upon publication of this notice in the **Federal Register**, the lands will be segregated from all other forms of appropriation under the public land laws, including the general mining laws but not the mineral leasing laws, the material disposal laws, or the Geothermal Steam Act. The segregation shall terminate upon issuance of a conveyance document or publication in the Federal Register of an order specifying the date and time of opening.

DATES: On or before June 5, 1997, interested parties may submit comments.

ADDRESSES: Written comments should be sent to: Carson City District Office, Bureau of Land Management, 1535 Hot Springs Drive, Carson City, NV 89706-0638. Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification will become effective 60 days from the date of publication of this notice in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Charles J. Kihm, Carson City District Realty Specialist, Bureau of Land Management, 1535 Hot Springs Road, Carson City, Nevada 89706-0638; (702) 885-6000.

Dated: April 11, 1997.

Thomas J. Abbett,

Acting Assistant District Manager, Non-Renewable Resources.

Notice of User Fees in the Yakima River Canyon

AGENCY: Spokane District Office, Wenatchee Resource Area, Bureau of Land Management,

ACTION: Notice of intent to charge user fees at two Bureau of Land Management (BLM) recreation sites in the Yakima River Canyon, Washington.

SUMMARY: Effective May 15, 1997, the Bureau of Land Management will begin charging a site use fee at its Roza and Squaw Creek recreation sites in the Yakima River Canyon.

This fee will cover all approved activities at both sites, including
