

DEPARTMENT OF TRANSPORTATION**Office of the Secretary****Notice of Request for Comments on GPS-Modernization**

AGENCY: Office of the Secretary (OST), DOT.

ACTION: Request for comments.

SUMMARY: The Assistant Secretary for Transportation Policy is seeking comments on the planning for the future of the Global Positioning System (GPS). **DATES:** The input must be received by close of business (COB) Thursday, May 15, 1997.

ADDRESSES: The submissions should be made to the attention of Hank Skalski: (mail) US DOT—HQ AFSPC/DRFN, 150 Vandenberg St., Suite 1105, Peterson AFB, CO, 80914-4590; (e-mail) hskalski@spacecom.af.mil; or (fax) (719) 554-9604. SUPPLEMENTARY INFORMATION: The Global Positioning System (GPS) is a dual use (military and civil) space-based radionavigation system, providing navigation, positioning, and timing services. The US Air Force has begun an effort to develop a Future Worldwide Positioning, Navigation, and Timing System Capstone Requirements Document (CRD) to address the near, mid, and far term modernization of the GPS. The CRD is an over-arching document that will identify "performance-based, operational requirements" that address military and civil navigation, positioning, and timing needs for GPS or future space-based navigation systems. The Air Force requested DOT to coordinate the civil sector CRD input. The requirements in the CRD will be reviewed and ranked to develop an Acquisition Master Plan.

This request for information seeks data related to the formulation of the civil performance-based, operational requirements which will be used to derive future GPS technical, operational, and management characteristics. Input should consider a system of systems approach and address all segments of the basic GPS, as well as related applications/systems. Submission of data is requested no later than May 15, 1997, and should be made to the attention of Hank Skalski: (mail)

US DOT—HQ AFSPC/DRFN, 150 Vandenberg St., Suite 1105, Peterson AFB, CO, 80914-4590; (e-mail) hskalski@spacecom.af.mil; (fax) 719-554-9604; or via the World Wide Web at: <http://www.navcen.uscg.mil>. All inputs should include contact information.

Issued in Washington, DC on April 11, 1997.
