## GENERAL SERVICES ADMINISTRATION

### 41 CFR Part 101-40

RIN 3090-AG34

### Transportation and Traffic Management Regulations

**AGENCY:** Office of Governmentwide Policy, GSA.

**ACTION:** Proposed rule.

**SUMMARY:** The General Services Administration proposes to amend Part 101-40 of the Federal Property Management Regulations by revising and/or removing text in the first three subparts to reflect procedural and policy changes. This action gives individual agencies greater flexibility and authority for administering their freight and household goods transportation and traffic management activities.

**DATES:** Comments must be received by June 23, 1997.

**ADDRESSES:** Written comments must be sent to the General Services Administration (MTT), 18th & F Streets, NW, Washington, DC 20405.

**FOR FURTHER INFORMATION CONTACT:** William P. Hobson, Travel and Transportation Management Policy Division, (202) 501-0483.

**SUPPLEMENTARY INFORMATION:** The General Services Administration (GSA) has determined that this rule is not a significant regulatory action for the purpose of Executive Order 12866 of September 30, 1993, because it is not likely to result in an annual effect on the economy of \$100 million or more; a major increase in costs to consumers or others; or significant adverse effects. Therefore, a regulatory impact analysis has not been prepared. GSA has based all administrative decisions underlying this rule on adequate information concerning the need for and consequences of this rule; has determined that potential benefits to society from this rule outweigh the potential costs and has maximized the net benefit; and has chosen the alternative approach involving the least net cost to society.

The reporting forms required by this regulation are not subject to the provisions of the Paperwork Reduction Act of 1996 (44 U.S.C. Chapter 35). Therefore, the Paperwork Reduction Act does not apply.

Pursuant to the Regulatory Flexibility Act, it is determined that this rule will not have a significant economic impact on a substantial number of small entities. Therefore, no regulatory flexibility analysis has been prepared.
