Warren Grant Magnuson Clinical Center; Proposed Collection; Comment Request; Customer and Other Partners Satisfaction Surveys

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for the opportunity for public comment on the proposed data collection projects, the Warren Grant Magnuson Clinical Center (CC), the National Institutes of Health, (NIH) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval.

PROPOSED COLLECTION: *Title:* Customer and Other Partners Satisfaction Surveys. *Type of Information Collection Request:* New request. *Need and Use of Information Collection:* The information collected in these surveys will be used by Clinical Center personnel: (1) To evaluate the satisfaction of various Clinical Center customers and other partners with Clinical Center services; (2) to assist with the design of modifications of these services, based on customer input; (3) to develop new services, based on customer need; and (4) to evaluate the satisfaction of various Clinical Center customers and other partners with implemented service modifications. These surveys will almost certainly lead to quality improvement activities that will enhance and/or streamline the Clinical Center's operations. The major mechanisms by which the Clinical Center will request customer input is through surveys and focus groups. The surveys will be tailored specifically to each class of customer and to that class of customer's needs. Surveys will either be collected as written documents, as faxed documents, mailed electronically or collected by telephone from customers. Information gathered from these surveys of Clinical Center customers and other partners will be presented to, and used directly by, Clinical Center management to enhance the services and operations of our organization. *Frequency of Response:* The participants will respond yearly.

Affected public: Individuals and households; businesses and other for profit, small businesses and organizations. **Types of respondents:** These surveys are designed to assess the satisfaction of the Clinical Center's major internal and external customers with the services provided. These

customers include, but are not limited to, the following groups of individuals: Clinical Center patients, family members of Clinical Center patients, visitors to the Clinical Center, National Institutes of Health investigators, NIH intramural collaborators, private physicians or organizations who refer

patients to the Clinical Center, volunteers, vendors and collaborating commercial enterprises, small businesses, regulators, and other organizations. The annual reporting burden is as follows:

TABLE 1.—BURDEN ESTIMATE

Customer	Type of survey	Estimated number to be surveyed	Expected response rate	Time to complete survey (minutes)	Estimated burden hours
Clinical Center Patients	Questionnaire/Telephone	11,100	66%	20	2436.6
Family Members of Patients	Questionnaire/Post-Card	8500	38%	10	533.3
Visitors to the Clinical Center	Questionnaire/Post-Card	3500	15%	10	87.5
Former physician employees and trainees.	Electronic	650	35%	10	38.2
Guest workers/Guest researchers	Electronic	950	60%	22	210
Extramural collaborators	Electronic	600	30%	15	45
Vendors and Collaborating Commercial Enterprises.	Questionnaire/Fax-Back	9500	17%	18	475
Professionals and Organizations Referring Patients.	Fax Back	9000	30%	28	1250
Regulators	Fax Back	85	82%	19	22
Volunteers	Questionnaire	850	58%	28	230
Total	n=16,812	5,327.6

Estimated costs to the respondents consists of their time; time is estimated using a rate of \$10.00 per hour for patients and the public; \$30.00 for vendors, regulators, organizations and \$55.00 for health care professionals. The estimated annual costs to respondents for each year for which the generic clearance is requested is \$72,894 for 1998, \$30,276 for 1999, and \$24,531 for 2000. There are no capital costs, operating costs and/or maintenance costs to report.

REQUESTS FOR COMMENTS: Written comments and/or suggestions from the public and affected agencies are invited on one or more of the following points: (1) Whether the proposed collection of information is necessary for the proper performance of the functions of the Clinical Center and the agency, including whether the information shall have practical utility; (2) The accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and (4) Ways to minimize the burden of the collection of information on those who are to respond, including the use of automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

FOR FURTHER INFORMATION: To request more information on the proposed

project, to obtain a copy of the data collection plans and instruments, or to submit comments, contact: Dr. David K. Henderson, Deputy Director for Clinical Care, Warren G. Magnuson Clinical Center, National Institutes of Health, Building 10, Room 2C 146, 9000 Rockville Pike, Bethesda, Maryland 20892, or call non-toll free: (301) 496-3515, or e-mail your request or comments, including your address to dhenderson@cc.nih.gov.

COMMENTS DUE DATE: Comments regarding this information collection are best assured of having their full effect if received within 60 days of the date of this publication.

Dated: April 17, 1997.

Submission for OMB Review; Comment Request; Validation of a New Food Frequency Questionnaire

SUMMARY: In compliance with the requirement of Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 for opportunity for public comment on proposed data collection projects, the

National Institutes of Health (NIH), National Cancer Institute (NCI) will publish periodic summaries of proposed projects to be submitted to the Office of Management and Budget (OMB) for review and approval. This proposed information collection was previously published in the **Federal Register** on December 24, 1996, page 67839 and allowed 60-days for public comment. There were only two requests for additional information and no comments. The purpose of this notice is to allow an additional 30 days for public comment. The National Institutes of Health may not conduct or sponsor, and the respondent is not required to respond to, an information collection that has been extended, revised, or implemented on or after October 1, 1995, unless it displays a currently valid OMB control number.

PROPOSED COLLECTION: *Title:* Validation of a New Food Frequency Questionnaire. *Type of Information Collection Request:* New. *Need and use of Information Collection:* The agency conducts and funds studies examining the relationship between diet and chronic diseases. This information collection is needed to validate and further refine a new diet history questionnaire to be used in studies of diet and disease. The new questionnaire will be validated against reference data from four non-consecutive 24-hour dietary recalls among a national sample of persons 20-70 years of age. The
