SUPPLEMENTARY INFORMATION:

I. Abstract

The Census Bureau conducts the
Survey of Income and Program

Participation (SIPP) which is a
household-based survey designed as a
continuous series of national panels,
each lasting four years. Respondents are
interviewed once every four months, in
monthly rotations. Approximately
37,000 households are in the current
panel. Each household contains, on
average, 2.08 eligible respondents.

The SIPP represents a source of
information for a wide variety of topics
and allows information for separate
topics to be integrated to form a single,
unified data base so that the interaction
between tax, transfer, and other
government and private policies can be
examined. Government domestic policy
formulators depend heavily upon SIPP
information concerning the distribution
of income received directly as money or
indirectly as in-kind benefits, and the
effect of tax and transfer programs on
this distribution. They also need
improved and expanded data on the
income and general economic and
financial situation of the U.S.
population. The SIPP has provided
these kinds of data on a continuing basis
since 1983, permitting levels of
economic well-being and changes in
these levels to be measured over time.

The survey is molded around a
central "core" of labor force and income
questions that will remain fixed
throughout the life of a panel. The core
is supplemented with questions
designed to answer specific needs, such
as obtaining information about the terms
of child support agreements and
whether they are being fulfilled by the
absent parent, examining the program
participation status of persons with
specific health and disability statuses,
and obtaining detailed information
needed to understand the current status
of the employment-based health care
system and changes that have occurred.
These supplemental questions are
included with the core and are referred
to as "topical modules."

The topical modules for the 1996
Panel Wave 6 collect information about:

- (1) Children's Well-Being
- (2) Assets, Liabilities, and Eligibility
- (3) Medical Expenses/Utilization of
Health Care (Adults/Children)
- (4) Work Related Expenses
- (5) Child Support Paid

Wave 6 interviews will be conducted
from December 1997 through March
1998.

II. Method of Collection

The SIPP is designed as a continuing
series of national panels of interviewed
households that are introduced every 4
years, with each panel having a duration
of 4 years in the survey. All household
members 15 years old or over are

interviewed using regular proxy-
respondent rules. They are interviewed
a total of 12 times (12 waves) at 4-month
intervals, making the SIPP a
longitudinal survey. Sample persons (all
household members present at the time
of the first interview) who move within
the country and reasonably close to a
SIPP Primary Sampling Unit (PSU) will
be followed and interviewed at their
new address. Persons 15 years old or
over who enter the household after
Wave 1 will be interviewed; however, if
these persons move, they are not
followed unless they happen to move
along with a Wave 1 sample person.
Interviews are conducted by Census
Bureau field representatives (FR) using
a computer assisted personal interview
(CAPI). To ensure quality of the FR's
work, 2,500 respondents are
reinterviewed during each wave.

IV. Request for Comments

Comments are invited on: (a) Whether
the proposed collection of information
is necessary for the proper performance
of the functions of the agency, including
whether the information shall have
practical utility; (b) the accuracy of the
agency's estimate of the burden
(including hours and cost) of the
proposed collection of information; (c)
ways to enhance the quality, utility, and
clarity of the information to be
collected; and (d) ways to minimize the
burden of the collection of information
on respondents, including through the
use of automated collection techniques
or other forms of information
technology.

Comments submitted in response to
this notice will be summarized and/or
included in the request for OMB
approval of this information collection;

they also will become a matter of public record.

Foreign-Trade Zones Board

[Docket A(32b1)-2-97]

Foreign-Trade Zone 45—Portland, OR; Request for Export Manufacturing Authority; GranPac Foods, Inc. (Frozen Food Products)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Port of Portland, grantee of FTZ 45, pursuant to § 400.32(b)(1) of the Board's regulations (15 CFR Part 400), requesting authority on behalf of GranPac Foods, Inc. (GranPac) (a subsidiary of Showa Sangyo Co., Ltd., Japan), for the manufacture/processing of frozen food products under FTZ procedures for export within FTZ 45. It was formally filed on April 22, 1997.

GranPac operates a 275,000 square foot food processing facility (35 employees) within FTZ 45—Site 1 (Rivergate Industrial Park) for the manufacture/processing of a variety of frozen food products, such as entrees, vegetables, soups, and sauces for the U.S. market and export. This application requests authority to allow GranPac to conduct manufacturing/processing under FTZ procedures for export of frozen oriental-style dinner entrees. These products will contain approximately 60 to 70 percent (by value) domestic ingredients. Between 30 and 40 percent of the ingredients will involve foreign sourced unprocessed lamb, beef (quota), pork, and vegetables (mushrooms, bamboo shoots, water chestnuts, pea pods) (duty rate range: free—6.6/kg+9.3%). The foreign-sourced products would be admitted to FTZ 45 under privileged foreign status (19 CFR § 146.41). U.S.-origin inputs include soy sauce, sugar, monosodium glutamate, disodium inoninate and guanylate, succinic acid, potassium sorbate, mirin, sake, sake yeast, fructose, corn syrup, starches, noodles, rice, wheat flour, soybeans, and sesame seed oil. All finished food products made under FTZ procedures would be exported.

FTZ procedures would exempt GranPac from U.S. beef quota requirements and Customs duty payments on the foreign ingredients

used in the export activity. Full duties and beef quota requirements would apply to any foreign status waste products that would be entered from FTZ 45 for U.S. consumption. The operation would continue to be subject to U.S. Department of Agriculture (USDA) production regulations. The application indicates that the savings from FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and three copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is June 30, 1997. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to July 14, 1997).

A copy of the application and the accompanying exhibits will be available for public inspection at the following location: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 3716, 14th Street and Pennsylvania Avenue, NW., Washington, DC 20230.

Dated: April 21, 1997

Executive Secretary.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

International Trade Administration

Determination Not To Revoke Antidumping Duty Orders and Findings Nor to Terminate Suspended Investigations

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

ACTION: Determination not to revoke antidumping duty orders and findings nor to terminate suspended investigations.

SUMMARY: The Department of Commerce is notifying the public of its determination not to revoke the antidumping duty orders and findings nor to terminate the suspended investigations listed below.

EFFECTIVE DATE: April 29, 1997.

FOR FURTHER INFORMATION CONTACT: Michael Panfeld or the analyst listed

under Antidumping Proceeding at: Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION: The Department of Commerce (the Department) may revoke an antidumping duty order or finding or terminate a suspended investigation, pursuant to 19 CFR § 353.25(d)(4)(iii), if no interested party has requested an administrative review for four consecutive annual anniversary months and no domestic interested party objects to the revocation or requests an administrative review.

We had not received a request to conduct an administrative review for the most recent four consecutive annual anniversary months. Therefore, pursuant to § 353.25(d)(4)(i) of the Department's regulations, on January 31, 1997, we published in the **Federal Register** a notice of intent to revoke these antidumping duty orders and findings and to terminate the suspended investigations and served written notice of the intent to each domestic interested party on the Department's service list in each case. Within the specified time frame, we received objections from domestic interested parties to our intent to revoke these antidumping duty orders and findings and to terminate the suspended investigations. Therefore, because domestic interested parties objected to our intent to revoke or terminate, we no longer intend to revoke these antidumping duty orders and findings or to terminate the suspended investigations.
