### Proposed Settlement Under the Comprehensive Environmental Response, Compensation and Liability Act of 1980, as Amended ("CERCLA"), 42 U.S.C. 9601 *et seq.*, In the Matter of the Torch Lake Superfund Site, Houghton, MI

**AGENCY:** Environmental Protection Agency.

**ACTION:** Notice of a proposed administrative settlement and request for public comment.

**SUMMARY:** The Environmental Protection Agency ("EPA") is hereby giving notice that it proposes to enter into an administrative prospective purchaser settlement relating to the Mason Sands of the Torch Lake Superfund Site located in Houghton County, Michigan. The proposed settlement is with Quincy Development Corporation ("Quincy") and Lakeshore Estates Associates, Inc. ("Lakeshore"), and will resolve their prospective liability, pursuant to Sections 106 and 107(a) of CERCLA, for injunctive relief and for past response costs incurred in connection with 197 acres of the Torch Lake Site known as the Mason Sands. This notice is an invitation to file written comments on the proposed administrative settlement.

**DATES:** Comments must be provided on or before February 18, 1997.

**ADDRESSES:** Comments should be addressed to Beth Reiner, Office of Superfund, Mail Code SR-6J, U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604-3590, and

should refer to: In the Matter of Torch Lake Superfund Site.

**FOR FURTHER INFORMATION CONTACT:** Beth Reiner, Office of Superfund, Mail Code SR-6J, U.S. Environmental Protection Agency, 77 West Jackson Boulevard, Chicago, Illinois 60604-3590, 312/353-6576.

**SUPPLEMENTARY INFORMATION:** The Torch Lake Superfund Site is located on the Upper Peninsula of Michigan in Houghton County. Copper milling and smelting operations occurred at the site for over 100 years. By the late 1960s milling operations in the Torch Lake area had ceased. In 1984 the Site was proposed for the National Priorities List (NPL) and in 1986 the Site was placed on the NPL. The Risk Assessment concluded there was no unacceptable risk to human health from the stampsands. However, the benthic community in the sediment of Torch Lake had been adversely affected and was not recovering. Two Records of Decision (ROD) were issued for the Site. The ROD for Operable Units (OU) I and III, which addressed all land covered with stampsands, was issued on 9/30/92 and called for deed restrictions, soil cover and vegetation of stampsands. The OU II ROD, which addressed only Torch Lake itself, was issued on 3/31/94 and called for no action on Torch Lake itself.

Quincy Development Corp. (QDC) was identified by U.S. EPA as a Potentially Responsible Party (PRP) for cleanup costs at the Site. They are the current owner of approximately 390 acres of OUI land. Lakeshore Estates Associates, Inc. (Lakeshore), a developer, is interested in purchasing approximately 197 acres of land currently owned by QDC which is part of the Torch Lake Superfund Site.

In consideration of and in exchange for the United States' Covenant Not to Sue in the Prospective Purchaser Agreement, Lakeshore agrees to:

(1) Provide roads from the public roadway to the borrow areas on Lakeshore's property and a road from the borrow areas to the isthmus in Torch Lake (where the Mason Sands almost connect to the eastern shore of Torch Lake) and/or any other roads required to allow U.S. EPA to access Lakeshore's property in order to excavate soils and truck them off Lakeshore's property;

(2) Clear of trees and brush a minimum of 25 acres of land to allow U.S. EPA to excavate the soils (to a depth of approximately 6 to 8 feet) for use as cover material as required by the Record of Decision;

(3) Grant U.S. EPA and its representatives access (for an estimated 3 years from the start of the remedial

action) to the roads and borrow areas on Lakeshore's property to remove up to 241,000 cubic yards of soil; and

(4) Maintain the soil cover and vegetation over the stampsands on property Lakeshore will purchase from Quincy.

The Superfund liability associated with the QDC land currently prevents the beneficial re-use of the property. In the absence of an agreement which resolves this liability, no redevelopment is

The Environmental Protection Agency will receive written comments relating to this agreement for thirty days from the date of publication of this notice.

Authority: The Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, 42 U.S.C. 9601 *et seq.*

William E. Munro,

Director, Superfund Division.
