#### Eagle Nest, Incorporated, Van, West Virginia; Notice of Negative Determination Regarding Application for Reconsideration

By application dated February 19, 1997, one of the petitioners requested administrative reconsideration of the Department's negative determination

regarding worker eligibility to apply for trade adjustment assistance. The denial notice applicable to workers of the subject firm located in Johnstown, Pennsylvania, was signed on January 31, 1997 and published in the **Federal Register** on February 13, 1997 (62 FR 6805).

Pursuant to 29 CFR 90.18(c) reconsideration may be granted under the following circumstances:

- (1) If it appears on the basis of facts not previously considered that the determination complained of was erroneous;
- (2) if it appears that the determination complained of was based on a mistake in the determination of facts not previously considered; or

(3) if in the opinion of the Certifying Officer, a misinterpretation of facts or of the law justified reconsideration of the decision.

Findings of the initial investigation showed that workers of Eagle Nest, Incorporated, Mine Department located in Van, West Virginia produced coal. The Department's denial of TAA for workers of the subject firm was based on the fact "that the contributed importantly" test of the Group Eligibility requirements of Section 222 of the Trade Act of 1974 was not met.

The Department of Labor surveyed the major declining customers of the subject firm regarding their purchases of coal. The respondents reported no imports in the relevant period.
