Abstract: Each VA medical center has authority to hire its own VA police officers. Prior to employment of a qualified applicant, each facility is required to conduct an FBI arrest record inquiry and to contact listed former employers for a determination of any adverse performance or suitability information. VA Form 0120 is completed by each VA facility human resources office and serves as the record of pre-employment screening to determine the qualifications and suitability of the applicant. The Office of Security and Law Enforcement reviews each completed form and authorizes the VA police badge set issuance only in those instances where screening documentation is satisfactory accomplished. The form serves as a standard means of ensuring the completion of the pre-employment process.

Scientific Review and Evaluation Board for Health Services Research and Development Service; Notice of Meeting

The Department of Veterans Affairs, Veterans Health Administration, gives notice under Public Law 92-463, that a meeting of the Scientific Review and Evaluation Board for Health Services Research and Development Service will be held at the Westin, 1400 M Street, N.W., Washington, D.C., June 23 through June 25, 1997, from 8:00 a.m. until 5:00 p.m. (Eastern Time) each day. The purpose of the meeting is to review research and development applications concerned with the measurement and evaluation of health care systems and with testing new methods of health care delivery and management. Applications are reviewed for scientific and technical merit. Recommendations regarding their funding are prepared for the Chief Research and Development Officer (12).

This meeting will be open to the public at the start of the June 23 session for approximately one half-hour to cover administrative matters and to discuss the general status of the program. The closed portion of the meeting involves discussion, examination, reference to, and oral review of staff and consultant critiques of research protocols and similar documents. During this portion of the meeting, discussion and recommendations will deal with the qualifications of the personnel conducting the studies (the disclosure of which would constitute a clearly unwarranted invasion of personal privacy), as well as research information (the premature disclosure of which would be likely to frustrate significantly implementation of proposed agency action regarding such research projects). As provided by the subsection 10(d) of Public Law 92-463, as amended by Public Law 94-409, closing portions of these meetings is in accordance with 5 U.S.C. 552b(c)(6) and (9)(B).

Due to the limited seating capacity of the room, those who plan to attend the open session should contact Mr. E. William Judy, MSHA, Review Program Manager (124F), Health Services Research and Development Service, Department of Veterans Affairs, 810 Vermont Avenue, N.W., Washington,

D.C., at least five days before the meeting. For further information, he can be reached at (202) 273-8254.

Dated: May 19, 1997.

By Direction of the Secretary.
