### Public Information Collections Approved by Office of Management and Budget

May 27, 1997.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collections pursuant to the Paperwork Reduction Act of 1995, Pub. L. 104-13. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number. For further information contact Shoko B. Hair, Federal Communications Commission, (202) 418-1379.

#### Federal Communications Commission

*OMB Control No.:* 3060-0776.

*Expiration Date:* 11/30/97.

*Title:* Price Cap Performance Review for Local Exchange Carriers, Fourth Report and Order.

*Form No.:* N/A.

*Estimated Annual Burden:* 13 respondents; 331.1 hours per response (avg.); 4331 total annual burden hours.

*Estimated Annual Reporting and Recordkeeping Cost Burden:* \$0.

*Frequency of Response:* One-time requirement.

*Description:* In the Fourth Report and Order in CC Docket No. 94-1 and Second Report and Order in CC Docket No. 96-262, the Commission is modifying its method of determining the price cap index, which governs interstate access rates of incumbent price cap Local Exchange Carriers (LECs). The price cap index formula permits incumbent LECs to increase their interstate access rates by no more than inflation minus an "X-Factor" representing incumbent LECs' productivity growth. (When the X-Factor is greater than inflation, incumbent price cap LECs are required to lower their rates.) In the Order, the Commission replaces its previous X-Factor with an X-Factor based on total factor productivity (TFP) calculations and the input price differential. We expect this X-Factor to be a more accurate measure of LEC productivity growth. The Order requires incumbent price cap LECs to use the new X-Factor when calculating rates in their annual access filings, but this will not affect the burdens of filing those tariffs. The Order requires incumbent price cap LECs to make a one-time tariff review plan (TRP) filing to reflect the revised price cap index rules in their interstate access

rates. Compliance is mandatory. The information collected under this Order would be submitted to the Commission by an incumbent price cap LEC for use in determining whether its interstate access rates are just and reasonable as required by the Communications Act of 1934, as amended.

Public reporting burden for the collection of information is as noted above. Send comments regarding the burden estimate or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, DC 20554.

**SUMMARY:** In accordance with requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the FDIC hereby gives notice that it plans to submit to the Office of Management and Budget a request for OMB review of the

information collection system described below.

*Type of Review:* Renewal without change in the substance or method of collection.

**SUPPLEMENTARY INFORMATION:** This collection implements regulatory requirements found at 12 CFR Part 350. Banks subject to the regulation are required to notify the general public, and in some instances shareholders, that disclosure statements are available on request. Required disclosures consist of financial reports for the current and preceding year which can be photocopied directly from the year-end call reports. Also, on a case-by-case basis, the FDIC may require that descriptions of enforcement actions be included in disclosure statements. The regulation allows, but does not require, the inclusion of management discussions and analysis. The information is intended to aid members of the general public in determining whether to establish or continue a relationship with a particular bank by making publicly available information more accessible. Given the public's ongoing concerns about the health of the banking system and individual banks and its greater awareness of the risks of holding deposits at a bank in excess of the FDIC's insurance coverage, the annual disclosure statement (the objective of which is to make existing bank financial information more directly and readily accessible to the public) is intended to be a convenient and useful mechanism for current and prospective bank customers to obtain information concerning the condition of an institution.

Section 241 of the Federal Deposit Insurance Corporation Improvement Act

("FDICIA") requires the FDIC to implement this program, and authorizes the FDIC to request this information from potential purchasers of affordable housing properties.
