## Federal Highway Administration

### Environmental Impact Statement: Salt Lake County and Davis County, Utah

**AGENCY:** Federal Highway Administration, (FHWA), UDOT.

**ACTION:** Revised notice of intent.

**SUMMARY:** The FHWA is issuing this notice to advise the public that the southern limit of the proposed interstate improvement project in Salt Lake County and Davis County has been changed from 500 North in Salt Lake City to 400 South in Salt Lake City. The southern limit has been changed in order to fully analyze all possible access schemes to downtown Salt Lake City. An environmental impact statement will be prepared for the proposed Interstate improvement project in Salt Lake County and Davis County, Utah.

**FOR FURTHER INFORMATION CONTACT:** Greg Puske, Project Development Engineer, Federal Highway Administration, 2520 West 4700 South, Suite 9A, Salt Lake City, Utah 84118, Telephone: (801) 963-0182; or Larry Kirby, Project Manager, Utah Department of Transportation, Region Two, 2060 South 2400 West, Salt Lake City, Utah 84104, Telephone: (801) 975-4826.

**SUPPLEMENTARY INFORMATION:** The FHWA, in cooperation with the Utah Department of Transportation, will prepare an environmental impact statement (EIS) on a proposal to address the existing and projected traffic needs in the Interstate (I-15) corridor from 400 South in Salt Lake City to 200 North in Kaysville. The Wasatch Front Regional Council has identified a need for improving the I-15 north corridor of Salt Lake City in previous studies. These studies are the I-15 Corridor Study (1991) and the 2015 Salt Lake Area Long Range Transportation Plan Year (1995).

Alternatives that will be considered based on these studies include (1) taking no action (no-build); (2) highway capacity improvements such as additional through lanes, auxiliary lanes, and interchange modifications; (3) transit improvements such as high occupancy vehicle lanes, express bus service, commuter rail, and light rail; (4) travel demand management strategies which create options designed to discourage the single occupant vehicle; (5) transportation system management strategies which improve the efficiency of the existing highway; (6) combinations of any of the above; and (7) other alternatives identified during the scoping process.

Letters describing the proposed action and soliciting comments will be sent to appropriate Federal, State and local agencies, and to private organizations and citizens who have previously expressed or are known to have an interest in the proposed project. An additional formal public scoping meeting will be held in Salt Lake City in January 1997. In addition, a public hearing will be held after the draft EIS has been prepared. Public notice will be given of the time and place of the public scoping meetings and the public hearing. The draft EIS will be available for public and agency review and comment prior to the public hearing.

To ensure that a full range of issues related to the proposed action are addressed and all significant issues are identified, comments and suggestions are invited from all interested parties. Comments or questions concerning this proposed action and the EIS should be directed to the FHWA or UDOT at the addresses provided above.

(Catalog of Federal Domestic Assistance Program Number 20.205, Highway Research, Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation of Federal programs and activities apply to this program.)

Issued on: January 14, 1997.

Michael G. Ritchie,

*Division Administrator, Salt Lake City, Utah.*
