

are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Overview of this information collection.

(1) *Type of Information Collection:* New collection.

(2) *Title of the Form/Collection:* Survey Protocol: COPS MORE (Making Officer Redeployment Effective) '95.

(3) *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* Form: COPS 18/01. Office of Community Oriented Policing Services, U.S. Department of Justice.

(4) *Affected public who will be asked or required to respond, as well as a brief abstract:* State, local and tribal law enforcement agencies that received a COPS MORE '95 grant and that were selected to participate in a phone survey. COPS MORE (Making Officer Redeployment Effective) '95 provided grant monies to selected law enforcement agencies that submitted grant applications requesting financial assistance for the purchase of equipment, hiring of civilians, and provision of overtime resulting in the redeployment of law enforcement officers to community oriented policing activities. The 1994 Crime Bill states that grants for equipment, technology, and support systems may not be awarded in FY 1998–2000 unless the Attorney General has certified that grants awarded in fiscal years 1995–1997 have resulted in an increase in the number of officers deployed in community policing, the survey in consideration covers all areas necessary to determine the effectiveness of COPS MORE '95 in meeting the above criteria.

(5) *An estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* Survey Protocol: COPS MORE (Making Officer Redeployment Effective) '95: Approximately 200 respondents, at 1.25 hours per response (including record-keeping).

(6) *Estimate of the total public burden (in hours) associated with the collection:* approximately 250 annual burden hours.

SUPPLEMENTARY INFORMATION:**Authority**

This action is authorized under the Omnibus Crime Control and Safe Streets Act of 1968, Section 201-03, as amended, 42 U.S.C. 3721-23 (1994).

Background

The National Institute of Justice (NIJ), with the support of the Office for Victims of Crime (OVC), is undertaking a multi year evaluation effort to assess the effectiveness of the Victims of Crime Act (VOCA) funded compensation and assistance programs in meeting the needs of crime victims. The overall program will yield: (a) A needs assessment from the victim's point of view; (b) an assessment of the services available to victims from VOCA and other federally-funded victim programs of financial compensation and assistance, as well as other local and private victim services; (c) identification of unmet needs such as gaps in service or access to compensation; and (d) suggestions for improving the delivery of and payment for services to all crime victims. The products from this effort will provide an evaluation of VOCA compensation and assistance programs, along with guidelines for increasing their utility and effectiveness in meeting the needs of crime victims.

This solicitation is the first phase in the effort; it will fund innovative and creative pilot tests of recommended approaches to be followed in a subsequent separately-funded national effort to identify crime victims and their needs, the sources of aid they sought and received to meet these needs, the adequacy of this aid in meeting those needs, and the impact of VOCA in meeting those needs.
