Title, Associated Form, and OMB

Number: Central Contractor Registration, 0704–XXXX.

Needs and uses: The information collection requirement provides for a single face to industry through a single point of entry for contractors wishing to do business with the Department of Defense. This central registry will be used to provide contractor financial and business information to automated system used by the contracting and business communities. As activities transition to use of this registry, it will eliminate the need to submit Solicitation Mailing List Applications (SF129s) and electronic funds transfer information repeatedly to multiple DoD activities. Registration is available via the world wide web (<http://www.acq.osd.mil/ec>) and through DoD certified Value Added Networks (VANs). A registration workbook is available from this site. Review and completion of the workbook before attempting to register will ensure that all necessary information is available. Registration will generally be activated within seven to ten days of submission. Upon activation, contractors will receive written notice followed shortly thereafter by a Trading Partner Identification Number (TPIN). Contractors may also use the web site to inquire regarding registration status. Contractors who do not have access to the world wide web can contact their regional Electronic Commerce Resource Center or Procurement Technical Assistance Center for assistance. A list
