DEPARTMENT OF VETERANS AFFAIRS

Privacy Act of 1974, New Routine Use Statement Amendment of System; Notice

AGENCY: Department of Veterans Affairs.
ACTION: Notice; New routine use.

SUMMARY: As required by the Privacy Act of 1974, 5 U.S.C. 552a(e), Notice is hereby given that the Department of Veterans Affairs (VA) is adding a new routine use statement to a system of VA records.

DATES: Interested persons are invited to submit written comments, suggestions, or objections regarding the new routine use. All relevant material received before July 31, 1997, will be considered. All written comments received will be available for public inspection in the Office of Regulations Management, Room 1158, 810 Vermont Avenue, NW, Washington, DC 20420 between 8 a.m. and 4:30 p.m., Monday through Friday, except holidays. If no public comment is received during the 30 day review period allowed for public comment, or unless otherwise published in the **Federal Register** by VA, the routine use included herein is effective July 31, 1997.

ADDRESSES: Written comments concerning the new routine use may be mailed to the Director, Office of Regulations Management (02D), Department of Veterans Affairs, 810 Vermont Avenue, NW, Room 1154, Washington, DC 20420.

FOR FURTHER INFORMATION CONTACT: Mrs. Judith Caden, Assistant Director Loan Policy (264), Loan Guaranty Service, Veterans Benefits Administration, Department of Veterans Affairs, Washington, DC 20420, (202) 273-7368.

SUPPLEMENTARY INFORMATION: In the course of administering the VA loan guaranty program, VA occasionally must rely on the services of outside parties to perform work which requires the use of data contained in VA system of records 55 VA 26. For example, VA has recently worked with the Federal Home Loan Mortgage Corporation (Freddie Mac) in developing a VA specific mortgage scorecard for use by lenders. This scorecard enabled VA and Freddie Mac to pursue a pilot program to see if VA home loans could be processed using the automated underwriting features of Freddie Mac's Loan Prospector program. In building the scorecard, it was necessary for VA to provide Freddie Mac with access to information concerning the loan characteristics of a number of recent VA loans. Freddie Mac needed this information to conduct a statistical validation of its Loan Prospector system to prove the model's ability to provide risk assessments for VA loans.

In a situation like this, the entity being provided the information is acting as a contractor performing an agency function, and is required to agree that all employees involved in this matter would be made aware that while performing work in connection with a VA system of records, they would be considered VA employees for purposes of the Privacy Act. As such, they would be subject to the criminal penalty provisions imposed by subsection (i) of the Privacy Act (5 U.S.C. 552a(i)). The contractor must also agree not to use the data obtained for any purpose other than that called for under the contract, to safeguard the data against any further disclosure, and to return all of the data to VA at the conclusion of the work.

VA has determined that release of information under circumstances such as those described above is a necessary and proper use of information in this system of records and that the specific routine use proposed for the transfer of this information is appropriate.
