Idaho Water Resources Board; Notice of Availability of Draft Environmental Assessment

January 17, 1997.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR Part 380 (Order No. 486, 52 F.R. 47897), the Office of Hydropower Licensing has reviewed the application for an original, major license for the Dworshak Small Hydroelectric Project No. 10819-002, located on the existing water conveyance system providing water from the Corps of Engineers' Dworshak dam to two fish hatcheries. The Dworshak dam is located on the North Fork Clearwater River in Clearwater County, Idaho. The Commission has prepared a Draft Environmental Assessment (DEA) for the project. The DEA contains the Commission staff's analysis of the potential future environmental impacts of the project and has concluded that licensing the project, with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

Copies of the DEA are available for review in the Public Reference Room, Room 2A, of the Commission's offices at 888 First Street, NE., Washington, DC 20426.

Any comments should be filed within 45 days from the date of this notice and should be addressed to Lois D. Cashell, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426. For further
