FEDERAL COMMUNICATIONS COMMISSION

Public Information Collections Approved by Office of Management and Budget

July 17, 1997.

The Federal Communications Commission (FCC) has received Office of Management and Budget (OMB) approval for the following public information collection pursuant to the Paperwork Reduction Act of 1995, Public Law 104-13. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid control number. For further information contact Shoko B. Hair, Federal Communications Commission, (202) 418-1379.

Federal Communications Commission

OMB Control No.: 3060-0782.

Expiration Date: 01/31/98.

Title: Petition for Limited

Modification of LATA Boundaries to Provide Expanded Local Calling Service (ELCS) at Various Locations.

Form No.: N/A.

Respondents: Business or other for profit.

Estimated Annual Burden: 20 respondents; 8 hours per response (avg.) x 5 responses annually; 800 total annual burden hours.

Estimated Annual Reporting and Recordkeeping Cost Burden: \$0.

Frequency of Response: On occasion.

Description: Section 271 of the Communications Act of 1934, as amended, prohibits a BOC from providing "interLATA services originating in any of its in-region States" until the BOC takes certain steps to open its own market to competition and the Commission approves the BOC's application to provide such service. Section 3(25) of the Act, however, provides that a BOC may modify LATA boundaries if such

modifications are approved by the Commission. Permitting LATA modifications to provide flat-rate non-optional local calling service will allow communities to have local calling service without having to wait for BOCs to open their markets and without creating a potential for competitive abuses. In CC Docket No. 96-159, *Petitions for Limited Modification of LATA Boundaries to Provide Expanded Local Calling Service (ELCS) at Various Locations*. Memorandum Opinion and Order, adopted July 3, 1997, the Commission has provided voluntary guidelines for filing expanded local calling service requests. These guidelines will allow the Commission to conduct smooth and continuous processing of these requests. The guidelines ask that each ELCS request include the following information: (1) type of proposed service; (2) direction of proposed service; (3) telephone exchanges involved; (4) names of affected carriers; (5) state commission approval; (6) number of access lines or customers; (7) usage data; (8) poll results if any; (9) community of interest statement; (10) a map showing exchanges and LATA boundary involved; and (11) any other pertinent information. The collection of information will enable the Commission to determine if there is a public need for expanded local calling service in each area subject to the request. Your response is voluntary.

Public reporting burden for the collection of information is as noted above. Send comments regarding the burden estimate or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, D.C. 20554.
