Submission For OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: Survey of Income and Program Participation 1996 Panel Wave 6.

Form Number(s): CAPI Automated Instrument and SIPP16605(L).

Agency Approval Number: 0607-0813.

Type of Request: Revision of a currently approved collection.

Burden: 117,800 hours.

Number of Respondents: 77,700.

Avg Hours Per Response: 30 minutes.

Needs and Uses: The Bureau of the Census conducts the Survey of Income and Program Participation (SIPP) to collect information from a sample of households concerning the distribution of income received directly as money or indirectly as in-kind benefits. SIPP data are used by economic policymakers, the Congress, State and local governments, and Federal agencies that administer social welfare and transfer payment programs such as the Department of Health and Human Services, the Department of Housing and Urban Development, and the Department of Agriculture.

The SIPP is a longitudinal survey, in that households in the panel are interviewed 12 times at 4 month intervals or waves over the life of the panel, making the duration of the panel about 4 years. The next panel of households will be introduced in the year 2000.

The survey is molded around a central core of labor force and income questions, health insurance questions, and questions concerning government program participation that remain fixed throughout the life of a panel. The core questions are asked at Wave 1 and are updated during subsequent interviews. The core is supplemented with

additional questions or topical modules designed to answer specific needs.

This request is for clearance of the topical modules to be asked during Wave 6 of the 1996 Panel. The core questions have already been cleared. Topical modules for waves 7 through 12 will be cleared later. The topical modules for Wave 6 are: (1) Children's Well-Being, (2) Assets, Liabilities, and Eligibility, (3) Medical Expenses/Utilization of Health Care (Adults/Children), (4) Work Related Expenses, and (5) Child Support Paid. Wave 6 interviews will be conducted from December 1997 through March 1998.

Affected Public: Individuals or households.

Frequency: Every 4 months.

Respondent's Obligation: Voluntary.

Legal Authority: Title 13 USC, Section 182.

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: Shipper's Export Declaration (SED) Program.

Form Number(s): 7513, 7525-V, 7525-V Alternate (Intermodal), AES, AERP.

Agency Approval Number: 0607-0152.

Type of Request: Revision of a currently approved collection.

Burden: 1,316,137 hours.

Number of Respondents: 140,000.

Avg Hours Per Response: 7513, 7525-V & 7525-V Alt.—11 minutes AES & AERP—3 minutes.

Needs and Uses: The Shipper's Export Declaration (SEDs), Forms 7525-V, 7525-V Alternate (Intermodal), and their electronic equivalents, the Automated Export Reporting Program (AERP) and the Automated Export System (AES), are the basis for the official U.S. export statistics compiled by the Bureau of the Census. The SED for In-transit Goods, Form 7513 serves as the source document from which Census collects and compiles the official U.S. statistics on outbound in-transit shipments. The official export statistics provide a basic component for the compilation of the U.S. position on merchandise trade. These data are an essential component of the monthly totals on U.S. overall trade in goods and services, a leading economic indicator.

The SEDs also are export control documents under Title 50, United States Code and are used to detect and prevent the export of certain commodities (for example, high technology or military goods) to unauthorized destinations or end users. The SEDs as official documents of export transactions, enable the U.S. Customs Service and the Bureau of Export Administration to enforce the Export Administration Regulations and thereby detect and prevent the export of high technology commodities to unauthorized destinations. The Department of State uses the SED to enforce the International Traffic in Arms Regulations to detect and prevent the export of arms and ammunition to unauthorized destinations.

In the past, each different type of paper SED form was cleared separately. In recent years the number of submissions via automated programs—(AERP) operated by Census and the new AES operated by Customs—have grown rapidly and must now be considered as part of the SED submissions. With this submission we will combine the various types of SEDs, both paper and electronic, under one OMB clearance submission to better reflect reporting burden and streamline the clearance process.

Affected Public: Businesses or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 USC, Chapter 9, Sections 301–307; 15 CFR Part 30 (Foreign Trade Statistics Regulations).
