

components: cameras, monitors, time lapse video recorders, compact disc players, turntables, power supplies, camera housings of steel and aluminum, mounting equipment, positioning devices and controls, panic and hold up buttons, shock sensors, multiplexers, switches, processors, flex tubes, junction boxes, cable and packaging. Some 90 percent of the components are sourced abroad. Some 5-7 percent of the finished products are exported.

Zone procedures would exempt Ultrak from Customs duty payments on foreign materials used in production for export. On domestic shipments, the company would be able to defer duty on the foreign-sourced components (duty-rates ranging between 1-5%). Foreign merchandise would also be exempt from state and local ad valorem taxes. The application indicates that the savings from zone procedures will help improve the plant's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is October 21, 1997. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to November 5, 1997).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

#### Roller Chain, Other Than Bicycle, From Japan: Postponement of Preliminary and Final Results of Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Extension of time limits for preliminary and final results of antidumping duty administrative review.

**SUMMARY:** The Department of Commerce (the Department) is extending the time limits of the preliminary and final results of the antidumping duty administrative review of the antidumping finding on roller chain, other than bicycle, from Japan, covering the period April 1, 1996, through March 31, 1997, since it is not practicable to complete the review within the time limits mandated by the Tariff Act of 1930 (the Act), as amended, (19 U.S.C. 1675(a)(3)(A)).

**EFFECTIVE DATE:** August 22, 1997.

**FOR FURTHER INFORMATION CONTACT:**

Jack Dulberger or Ron Trentham, Antidumping Duty and Countervailing Duty Enforcement Office Four, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution

Avenue, N.W., Washington, DC 20230; telephone (202) 482-5505 and 482-4793.

#### SUPPLEMENTARY INFORMATION:

#### Applicable Statute

Unless otherwise indicated, all citations to the statute are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Rounds Agreements Act.

#### Background

On May 13, 1997 (62 FR 27720, May 21, 1997) the Department initiated an administrative review of the antidumping duty order on roller chain, other than bicycle, from Japan, covering the period April 1, 1996, through March 31, 1997. In our notice of initiation, we stated that we intended to issue the final results of this review no later than April 30, 1998. On August 1, 1997, the American Chain Association (ACA), submitted a request for postponement of the preliminary determination on roller chain, other than bicycle from Japan, due to the large number of respondents and the complexity of issues presented by the review.

#### Postponement of Preliminary and Final Results of Review

Section 751(a)(3)(A) of the Act requires the Department to make a preliminary determination within 245 days after the last day of the anniversary month of an order for which a review is requested and a final determination within 120 days after the date on which the preliminary determination is published. However, if it is not practicable to complete the review within the time period, section 751(a)(3)(A) allows the Department to extend this time period to 365 days and 180 days, respectively.

We determine that it is not practicable to complete this review within the original time frame because of the large number of respondents and the complexity of the legal and methodological issues in this review.

Accordingly, the deadline for issuing the preliminary results of this review is now no later than April 30, 1998. The deadline for issuing the final results of this review will be no later than 180 days from the publication of the preliminary results.

These extensions are in accordance with section 751(a)(3)(A) of the Act (19 U.S.C. 1675(a)(3)(A)).

Dated: August 14, 1997.
