(G) The Commission reserves the right to modify this order to require a further showing that neither public nor private interests will be adversely affected by continued Commission approval of PNGC's issuances of securities or assumptions of liabilities * * *.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is February 12, 1997.

Copies of the full text of the Order are available from the Commission's Public Reference Branch, 888 First Street, N.E., Washington, D.C. 20426.

Transcontinental Gas Pipe Line Corporation; Notice of Application

January 24, 1997.

Take notice that on January 10, 1997, Transcontinental Gas Pipe Line Corporation (Transco), P.O. Box 1396, Houston, Texas 77251, filed in Docket No. CP97-193-000 an application pursuant to Section 7(c) of the Natural Gas Act for authorization to expand an existing delivery lateral to Piedmont Natural Gas Company, Inc. (Piedmont) in Lincoln and Catawaba Counties, NC.; for approval of Transco's initial reservation rate surcharge for costs associated with the delivery lateral; for approval of the reservation rate surcharge methodology; for authorization to make filings under Section 4 of the NGA; and to make adjustments to the surcharge, all as more fully set forth in the application on file with the Commission and open to public inspection.

Specifically, Transco proposes to expand the lateral by (a) constructing and operating approximately 17.77 miles of 16-inch pipeline loop on its existing 10-inch Maiden Delivery Lateral, thereby accommodating an increase delivery of 38,000 dt/d of gas to Piedmont through its existing Lowesville Meter Station. Transco estimates the cost of this expansion to be \$13,236,000, and that such expansion would not create any detriment of disadvantage to its other customers.

Any person desiring to be heard or to make any protest with reference to said

application should on or before February 14, 1997, file with the Federal Energy Regulatory Commission, Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 of 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Transco to appear or be represented at the hearing.

Secretary.
