Proposal to approve under OMB delegated authority the extension, without revision, of the following report:

1. Report title: Report of Medium-Term Note Issuance
Agency form number: FR 2600m, q, and s
OMB control number: 7100-0245
Frequency: monthly (m), quarterly (q), and semiannual (s)
Reporters: U.S. corporations
Annual reporting hours: 94
Estimated average hours per response: 0.083
Number of respondents: 424
Small businesses are not affected.

General description of report: This information collection is voluntary (12 U.S.C. sections 225a and 353 *et seq.*) and the data collected will no longer be treated as confidential.

Abstract: This report collects information on the monthly volume of medium-term notes issued by corporations. The Federal Reserve Board obtains the data from a universe of issuers (currently 424 corporations). The survey is conducted monthly, quarterly, or semiannually, depending on the reporter's level and frequency of issuance activity. In addition, once a year, all reporters report the amount of medium-term notes outstanding. The information collected on the report is used to estimate the volume of new securities issuance by U.S. corporations that is published in the *Federal Reserve Bulletin* and to construct estimates of corporate securities outstanding that are used in the flow of funds accounts.

Board of Governors of the Federal Reserve System, January 27, 1997.

William W. Wiles,

Secretary of the Board.
