STORAGE:

Records are stored manually and electronically.

RETRIEVABILITY:

By individual's surname, sponsor's Social Security Number, date of birth, and specimen reference or AFIP accession number.

SAFEGUARDS:

Access to the Armed Forces Institute of Pathology is controlled. Computerized records are maintained in controlled areas accessible only to authorized personnel. Entry to these areas is restricted to those personnel with a valid requirement and authorization to enter. All personnel whose duties require access to, or processing and maintenance of personnel information are trained in the proper safeguarding and use of the

information. Any DNA typing information obtained will be handled as confidential medical information.

RETENTION AND DISPOSAL:

Records are maintained 50 years (pending final approval of this reduced retention period by the National Archives and Records Administration), and then destroyed by shredding or incineration.

Statistical data used for research and educational projects are destroyed after end of project.

Military personnel, their civilian family members, or others may request early destruction of their individual remains identification specimen samples following the conclusion of the donor's complete military service or other applicable relationship to DoD. For this purpose, complete military service is not limited to active duty service; it includes all service as a member of the Selected Reserves, Individual Ready Reserve, Standby Reserve or Retired Reserve.

In the case of DoD civilians and contractor personnel, early destruction is allowed when the donor is no longer deployed by DoD in a geographic area which requires the maintenance of such samples. Upon receipt of such requests, the samples will be destroyed within 180 days, and notification of the destruction sent to the donor.

Requests for early destruction may be sent to the Repository Administrator, Armed Forces Repository of Specimen Samples for the Identification of Remains, Armed Forces Institute of Pathology, Washington, DC 20306-6000.
