

per Dth rate for the period from October 1, 1996, through March 31, 1997.

Gas Transport states that it charged all of its customers during that period an IT rate of 9.0 cents per Dth, which is discounted from the maximum IT rate of 13.5 per Dth. Gas Transport applied its discount first to the ACA surcharge and then to Gas Transport's IT base rate. Accordingly, Gas Transport did not collect any ACA amounts from any of its customers during the relevant period and thus refunds are not appropriate.

Gas Transport states that copies of the report are being served upon each person designated on the official service list complied by the Secretary in this proceeding.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with 385.211 of the Commission's Rules and Regulations. All such protests should be filed on or before October 14, 1997. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.
