Notice of Lodging of Supplemental Consent Decree Pursuant to the Clean Air Act

In accordance with the Clean Air Act, 42 U.S.C. § 7413 (g), and Departmental Policy, 28 CFR § 50.7, notice is hereby given that a proposed Supplemental Consent Decree in *Concerned Citizens for Nuclear Safety, Inc. & Patrick Jerome Chavez v. United States Dep't of Energy & Siegfried S. Hecker*, Civil No. 94-1039 M (D.N.M.), was lodged with the United States District Court for the District of New Mexico on September 26, 1997. Final approval and entry of the proposed Supplemental Consent Decree are subject to the requirements of Section 113(g) of the Clean Air Act, 42 U.S.C. § 7413(g), and the provisions of 28 CFR § 50.7.

In this case, Plaintiffs CCNS and Patrick Chavez filed suit against Defendants alleging that Los Alamos National Laboratory ("LANL") is not in full compliance with the national emission standard for radionuclides at DOE facilities, set forth at 40 CFR 61.90-61.97 ("Subpart H"). On March 20, 1997, the court entered a Consent Decree resolving Plaintiffs' claims. One of the provisions of the Consent Decree

requires DOE to fund up to four independent compliance audits of LANL. The Decree also provided for DOE to pay CCNS' expert and attorneys' fees incurred in monitoring compliance with the Consent Decree, including monitoring the independent audits, pursuant to the attorneys' fees provisions of the Clean Air Act.

On July 24, 1997, CCNS filed a Motion to Enforce Consent Decree, by which CCNS sought to resolve a dispute with DOE regarding the appropriate scope of activities to monitor the first independent audit. CCNS and DOE have reached a settlement of this motion, which takes the form of a proposed Supplemental Consent Decree.

The Department of Justice will receive written comments relating to the proposed Supplemental Consent Decree for a period of 30 days from the date of publication of this notice. Comments should be addressed to Alan D. Greenberg, U.S. Department of Justice, Environmental Defense Section, 999 18th Street, Suite 945, Denver, CO 80202, should refer to *Concerned Citizens for Nuclear Safety, Inc. & Patrick Jerome Chavez v. United States Department of Energy & Siegfried S. Hecker*, Civil No. 94-1039 M (D.N.M.), and should also make reference to DJ# 90-5-2-1-1749A.

The Supplemental Consent Decree may be examined at the Clerk's Office, United States District Court for the District of New Mexico, 500 Gold Avenue, 10th Floor, Albuquerque, NM 87102 or at the Los Alamos National Laboratory Reading Room, 1350 Central Avenue, Suite 101, Los Alamos, NM 87544, ph. United States*, Civil Action No. G-96 247, consolidated with *Amoco Chemical Co. v. United States, et al.*, Civil Action No. G-96-272 (S.D. Tex., Galveston), was lodged with the U.S. District Court for the Southern District of Texas, Galveston Division. The United States filed counterclaims against Tex Tin Corp. and Amoco

Chemical Co. in these consolidated actions pursuant to Section 107(a) of the Comprehensive Environmental Response, Compensation, and Liability Act, as amended ("CERCLA"), 42 U.S.C. § 9607(a) for recovery of costs incurred and to be incurred for response actions responding to the release or threat of release of hazardous substances at the Text Tin Superfund Site ("Site") in Texas City, Texas. This Consent Decree resolves the United States claims against Amoco Chemical Company, Amoco Oil Company and Amoco Corporation (collectively "Amoco") for CERCLA response costs at the Site.

Amoco owns 27.33 acres ("Area H") of the 210-acre Site, which Amoco purchased after disposal activities had ceased. With respect to the Site exclusive of Area H, Amoco is a *de minimis* generator potentially responsible party. The proposed settlement recognizes that Amoco has performed the Remedial Investigation/Feasibility study for the Site, and will clean up Area H under a Voluntary Cleanup Program ("VCP") Response Action Work Plan with the state of Texas which will include construction of a soil cover over Area H, installation of a subsurface barrier wall, and continued monitoring of the network of groundwater wells.

With respect to Area H, the Consent Decree provides Amoco with a covenant not to sue under Sections 106 and 107 of CERCLA only if the Environmental Protection Agency issues a written determination that the cleanup, as implemented, is protective of human health and the environment within the meaning of Section 121 of CERCLA. The Consent Decree provides Amoco with a *de minimis* party covenant not to sue for the remainder of the Site. Amoco reserves contribution claims against the United States.
