## FEDERAL HOUSING FINANCE BOARD

[No: 97-70]

### Pilot Procedures and Pilot Proposal Initial Submission Guidelines

*Whereas*, the Federal Housing Finance Board (Finance Board) considers it appropriate to adopt a policy that provides procedures for processing and analyzing pilot programs proposed by the Federal Home Loan Banks;

*Now therefore be it resolved that*, the Finance Board hereby adopts the Pilot Procedures and Pilot Proposal Initial Submission Guidelines attached hereto.

Dated: November 12, 1997.

By the Board of Directors of the Federal Housing Finance Board.

**Bruce A. Morrison,**  
*Chairman.*

The text of the Pilot Procedures and Pilot Proposal Initial Submission Guidelines follows:

### Policy and Procedures For Pilot Proposals That Support Housing and Community Investment

**Purpose:** To establish procedures to be followed by staff of the Federal Housing Finance Board (Finance Board) in the processing and analysis of proposed Federal Home Loan Bank (Bank) pilot programs through which the Banks would make other investments that support housing and community development. These procedures shall apply also to the processing and analysis of proposed amendments to existing pilot programs. In establishing these procedures, it is the Finance Board's intent that the pilot review process proceed in an efficient, expeditious fashion at all stages.

**Introduction:** The Federal Home Loan Bank Act (Bank Act) provides that certain assets of each Bank not required for advances to members, may be invested in certain specified securities and investments. The Finance Board has implemented the investment provisions of the Bank Act through its regulations and the Financial Management Policy (FMP). Under Section 934.1 of the Finance Board's regulations and Section II.B.12 of the FMP, certain Bank investments that support housing and community development, and that are not specifically authorized under the FMP or otherwise, may be submitted to the Finance Board for approval. This policy establishes general procedures to be followed by Finance Board staff in reviewing pilot proposals or pilot amendment proposals (Proposal) for compliance with the statutory, regulatory, and FMP requirements.

**References:** 12 U.S.C. Sections 1431(g), 1431(h), and 1436(a); 12 CFR Section 934.1, of the Finance Board regulations; and Section II.B.12 of the FMP.

### Procedures for Review of Proposals

I. Receipt of Proposal. Copies of a Proposal shall be distributed to Finance Board Directors and appropriate Finance Board staff.

II. Review of Proposal. The Office of Policy and the Office of General Counsel shall review the Proposal to ensure that it is complete and to determine whether there is evidence of a market for the proposal and whether it *prima facie* satisfies the FMP requirements (detailed below) and responds to the Finance Board's Pilot Proposal Submission Guidelines (Attachment).

III. FMP Requirements. Section II of the FMP specifies certain types of assets as permissible investments to the extent they are specifically authorized under 12 U.S.C. 1431(g), 1431(h), or 1436(a), or to the extent a Bank has determined that they are securities in which fiduciary or trust funds may be invested under the laws of the State in which the Bank is located. Other investments that support housing and community development are permitted, provided that the Bank:

A. Ensures the appropriate levels of expertise, establishes policies, procedures, and controls, and provides for any reserves required to effectively limit and manage risk exposure and preserve the Bank's and the Federal Home Loan Bank System's triple-A rating;

B. Ensures that the Bank's involvement in such investment activity assists in providing housing and community development financing that is not generally available, or that is available at lower levels or under less attractive terms;

C. Ensures that such investment activity promotes (or at the very least, does not detract from) the cooperative nature of the System;

D. Provides a complete description of the contemplated investment activity (including a comprehensive analysis of how the above three requirements are fulfilled) to the Finance Board; and

E. Receives written confirmation from the Finance Board, prior to entering into such investments, that the above investment eligibility standards and requirements have been satisfied.

IV. The Office of Policy and the Office of General Counsel shall identify any policy or legal issues or questions, identify and discuss with the Office of Supervision the management of any potential risks involved in the Proposal, discuss the Proposal with other staff as
