#### **Certain Pasta From Italy: Termination of New Shipper Antidumping Duty Administrative Review**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On February 27, 1997, the Department of Commerce published a notice of initiation of a new shipper administrative review of the antidumping duty order on certain pasta from Italy. The Department is now terminating this review.

**EFFECTIVE DATE:** December 19, 1997.

**FOR FURTHER INFORMATION CONTACT:** John Brinkmann or Sunkyu Kim, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone (202) 482-5288 or 482-2613, respectively.

#### **Applicable Statute and Regulations**

Unless otherwise indicated, all citations to the Tariff Act of 1930, as amended ("the Act"), are references to the provisions effective January 1, 1995, the effective date of the amendments made to the Act by the Uruguay Round Agreements Act. In addition, unless otherwise indicated, all citations to the Department of Commerce's (the Department) regulations are to the regulations at 19 CFR Section 353, as amended by the interim regulations published in the **Federal Register** on May 11, 1995 (60 FR 25130).

#### **SUPPLEMENTARY INFORMATION:**

##### **Background**

On January 31, 1997, GSA S.r.l. ("GSA") requested that the Department conduct a new shipper review of the antidumping duty order on certain pasta from Italy. On February 27, 1997, the Department published in the **Federal Register** (62 FR 8927) a notice of initiation of a new shipper administrative review of the antidumping duty order on certain pasta from Italy covering GSA and the period July 1, 1996, through January 31, 1997. On March 3, 1997, we issued the

Department's antidumping duty questionnaire<sup>1</sup> to GSA. GSA submitted its response to Section A of the questionnaire on March 26, 1997. Based on our review of the Section A response, we issued a supplemental questionnaire on April 25, 1997. GSA submitted its response to the supplemental Section A questionnaire along with its Sections B and C responses on May 6, 1997. Subsequently, we issued additional supplemental questionnaires to GSA. GSA's responses to these questionnaires were received in June, July and September 1997.

On August 13, 1997, in accordance with 19 CFR 353.22 (h)(7), the Department extended the time for completion of the preliminary results of this review to no later than December 17, 1997, because the Department determined that this case is extraordinarily complicated (62 FR 44107 (August 19, 1997)).

#### **Termination of Review**

The respondent, GSA, is a trading company in Italy that purchased the merchandise under review from an unaffiliated producer and resold to customers in the home market and the United States during the POR. Based on our analysis of the data submitted to date by GSA, we conclude that the producer of GSA's pasta, which is unaffiliated with GSA, knew or had reason to know that its merchandise was destined for export to the United States at the time it sold the merchandise to GSA. Specifically, GSA stated that the subject pasta was packaged and labeled at the time of production by the producer. A copy of the packaging, provided in GSA's July 18, 1997, submission, which is identical in all material respects to the packaging for the pasta actually purchased and shipped to the United States by GSA, contains information indicating that the product is destined for the United States. Specifically, the packaging contains the address of the U.S. importer. Additionally, certain proprietary information on the record concerning the nature of the relationship between the parties involved in this review demonstrate that the producer knew or had reason to know that the pasta it sold to GSA was destined for the United States. For a further discussion, see Memorandum to Richard Moreland, Acting Deputy

<sup>1</sup> Section A of the questionnaire requests information concerning a company's corporate structure and business practices, the merchandise under review that it sells, and the sales of the merchandise in all of its markets. Sections B and C of the questionnaire request home market sales listings and U.S. sales listings, respectively.
