SUPPLEMENTARY INFORMATION: The National Assessment Governing Board is established under section 412 of the National Education Statistics Act of 1994 (Title IV of the Improving America's Schools Act of 1994) (Pub. L. 103-382).

The Board is established to formulate policy guidelines for the National Assessment of Educational Progress. The Board is responsible for selecting subject areas to be assessed, developing assessment objectives, identifying appropriate achievement goals for each grade and subject tested, and establishing standards and procedures for interstate and national comparisons.

On March 6, from 3:00—5:00 P.M., there will be a closed meeting of the Achievement Levels Committee. The Committee will discuss results of the current 1996 science level-setting activities and review the current analysis of data and proposed exemplar items. This meeting must be conducted in closed session because references will be made to specific items from the assessment and premature disclosure of the information presented for review would be likely to significantly frustrate implementation of a proposed agency action. Such matters are protected by

exemption (9)(B) of Section 552b(c) of Title 5 U.S.C. The Nominations Committee will meet in closed session from 3:00 P.M.—5:00 P.M. and 7:00 P.M.—9:00 P.M. These sessions must be closed because the committee will be considering qualifications of nominees for appointment to Board membership. The review and subsequent discussion of this information will touch upon matters that relate solely to the internal rules and practices of an agency and would disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy if conducted in open session. Such matters are protected by exemptions (2) and (6) of Section 552b(c) of Title 5 U.S.C.

Also on March 6, the Executive Committee will meet in a partially closed session. During the open portion of the meeting, 5:00 P.M.—6:00 P.M., the Committee will hear an update on the NAEP redesign policies and review the proposed schedule of assessments. The Committee will then meet in closed session from 6:00 P.M.—7:00 P.M. to discuss the development of cost estimates for NAEP and future contract initiatives. This portion of the meeting must be closed because public disclosure of this information would likely have an adverse financial affect on the NAEP program. The discussion of this information would be likely to significantly frustrate implementation of a proposed agency action if conducted in open session. Such matters are protected by exemption (9)(B) of Section 552b(c) of Title 5 U.S.C.

On March 7, the full Board will convene in open session at 8:30 A.M. The agenda for this session of the full Board meeting includes approval of the agenda, the Executive Director's Report, a presentation on assessment in South Carolina, and an update on NAEP. Between 10:00 A.M. and 12:30 P.M. there will be a joint meeting (open) of Subject Area committees #1 and #2. In this joint meeting, the Committees will discuss the status of the 1997 assessments, upcoming item reviews for 1998, and various assigned issues related to NAEP redesign.

The Design and Methodology Committee and the Reporting and Dissemination Committee will each meet in open session from 10:00 A.M.—11:00 A.M. The Design and Methodology Committee will formally approve technical design changes to be implemented in the 1998 assessment and discuss issues pertaining to the redesign of NAEP.

The Reporting and Dissemination Committee will discuss the plan for the

release of the 1996 NAEP Science Report Card, review the release of the Mathematics Report Card, and have an update on the TIMSS-NAEP link.

The Design and Methodology Committee and the Reporting and Dissemination Committee will then meet jointly in open session from 11:00 A.M.–12:30 P.M. to discuss sampling and reporting of students with disabilities and limited English proficiency, oversampling and reporting of private schools in 1998 state NAEP, and working definitions of market basket, standard, and comprehensive reports.

The full Board will reconvene in closed session, beginning at 12:30 P.M., to hear a briefing on the 1996 NAEP Science Report, and to have a presentation on and discussion of science achievement levels. This part of the meeting must be conducted in closed session because references will be made to specific items from the assessment and premature disclosure of the information presented for review would be likely to significantly frustrate implementation of a proposed agency action. Such matters are protected by exemption (9)(B) of Section 552b(c) of Title 5 U.S.C. From 2:45 P.M. until 4:00 P.M., the meeting will be open to the public. During this portion of the meeting, the Board will take action on science achievement levels and hear the highlights of committee discussions on redesign issues.

On March 8, the full Board will meet from 9:00 A.M. until adjournment at approximately 12:00 noon. From 9:00 A.M. until 11:45 A.M., the Board will meet in open session to hear reports on redesign issues and committee reports. These committees are—Subject Areas #1 and #2 (combined), Achievement Levels, Reporting and Dissemination and Design and Methodology (individually and combined), and Executive.

From 11:45 A.M. until 12:00 noon, the Board will meet in closed session to hear the report of the Nominations Committee. This session must be closed because the Board will be considering qualifications of nominees for appointment to Board membership. The review and subsequent discussion of this information will touch upon matters that relate solely to the internal rules and practices of an agency and would disclose information of a personal nature where disclosure would constitute a clearly unwarranted invasion of personal privacy if conducted in open session. Such matters are protected by exemptions (2) and (6) of Section 552b(c) of Title 5 U.S.C.

The public is being given less than fifteen days notice of this meeting because of delays in the receipt of data necessary to the closed session deliberations of the Committees and the full Board.

Summaries of the activities of the closed sessions and related matters, which are informative to the public and consistent with the policy of section 5 U.S.C. 552b(c), will be available to the public within 14 days of the meeting. Records are kept of all Board proceedings and are available for public inspection at the U.S. Department of Education, National Assessment Governing Board, Suite 825, 800 North Capitol Street, N.W., Washington, D.C., from 8:30 A.M. to 5:00 P.M.
