Persons wishing to comment on this information collection should contact Timothy Fain, Office of Management and Budget, Room 10236, NEOB, Washington, D.C. 20503, (202) 395-0651. Federal Communications Commission.

OMB Control No.: 3060-0536.

Title: Rules and Requirements for Telecommunications Relay Services (TRS) Interstate Cost Recovery.

Form No.: FCC Form 431.

Action: Revised Collection.

Respondents: Business or other for-profit entities.

Estimated Annual Burden: 5000 respondents; 3.1 hours per response (avg.); 15593 hours total annual burden.

Needs and Uses: Title IV of the Americans with Disabilities Act of 1990 (ADA) requires the Commission to ensure that telecommunications relay services are available, to the extent possible, to individuals with hearing and speech disabilities in the United States. To fulfill this mandate, the Commission adopted rules that require the provision of TRS service beginning July 26, 1993. The Commission set minimum standards for TRS providers and established a shared-funding mechanism (TRS Fund) for recovering the costs of providing interstate TRS. The Commission also appointed the National Exchange Carrier Association (NECA) the TRS Fund administrator, and directed NECA to establish a non-paid, voluntary advisory committee to monitor cost recovery matters.

The Commission's rules require all carriers providing interstate telecommunications services to contribute to the TRS Fund. The amount contributed is the product of the carrier's gross interstate revenues for the previous year and a contribution factor determined annually by the Commission. Contributions are calculated in accordance with a TRS Fund Worksheet which is prepared each year by the Commission and published in the Federal Register. Payments from the fund are made to eligible TRS providers and are designed to cover the reasonable costs incurred in providing interstate TRS service. The TRS Fund administrator files a proposed payment formula and estimated fund requirements with the Commission each year, and this payment formula is subject to Commission approval. See 47 CFR § 64.601-64.608 for rules and requirements governing telecommunications relay services. On December 17, 1996, the Commission's Common Carrier Bureau released an order approving the contribution factor for the April 1997 through March 1998 contribution period and the 1997 TRS Fund Worksheet (FCC Form 431) and also making several revisions to the form.

The foregoing estimates include the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the burden estimates or any other aspect of the collection of information including suggestions for reducing the burden to the Federal Communications Commission, Records Management Division, Paperwork Reduction Project, Washington, DC 20554.

Acting Secretary.
