

reasonable cost-related reimbursement under Medicaid and Medicare for a full range of primary health care services. The application for FQHC certification is divided into four components: (1) Need and Community Impact, (2) Health Services, (3) Management and Finance, and (4) Governance. Certified FQHC Look-Alikes must submit an annual recertification document with updated exhibits to retain designation as an FQHC.

In an effort to improve the procedures for certifying FQHCs, HRSA is considering revising the FQHC Look-Alike application (with parallel changes made to the recertification requirements). The revised version would update the application guidelines and exhibits to reflect current law, regulations, and practice. A revised application may also include more specific guidance on how applicants

should document existing unmet need in the community.

These revisions will be developed during the next year and submitted for OMB approval in 1998. In the interim, a request for a two-year extension of OMB approval of the current forms is being submitted. Only minor technical changes have been made to the forms. Estimates of annualized hour burden are as follows:

Form name	Number of respondents	Responses per respondent	Hours per response	Total burden hours
Application	70	1	120	8,400
Recertification	231	1	20	4,620
Total	301	1	43	13,020

Written comments and recommendations concerning the proposed information collection should be sent within 30 days of this notice to: Virginia Huth, Human Resources and Housing Branch, Office of Management and Budget, New Executive Office Building, Room 10235, Washington, DC 20503.

Dated: February 10, 1997.

J. Henry Montes,

Director, Office of Policy and Information Coordination.

Substance Abuse and Mental Health Services Administration

Agency Information Collection Activities: Submission for OMB Review; Comment Request

Periodically, the Substance Abuse and Mental Health Services Administration (SAMHSA) will publish a list of information collection requests under OMB review, in compliance with the Paperwork Reduction Act (44 U.S.C. Chapter 35). To request a copy of these documents, call the SAMHSA Reports Clearance Officer on (301) 443-0525.

Alcohol and Drug Services Study (ADSS) Phase II/III—New—Phases II

and III of the ADSS will continue the collection of linked information on substance abuse treatment begun in the Phase I facility level survey. Phase II involves on-site interviews with administrators at 270 treatment facilities and a record abstraction of client-level data on 8,800 treatment clients. Phase III consists of client followup interviews to determine post-discharge substance abuse, criminal activity, employment, and other social functioning. ADSS will provide researchers, policy makers, and providers with detailed national data on the current substance abuse treatment delivery system and clients in the system. The annualized burden is shown below.

	No. of respondents	No. of responses/respondent	Avg. burden/response	Total study burden	Annualized burden
Treatment Facilities	270	1.33	1.755 hours	630 hours	126 hours
Clients	8,800	3.38	1.125 hours	29,700 hours	5,940 hours.

Drug Abuse Warning Network (DAWN)—Extension of a currently approved collection—The Drug Abuse Warning Network (DAWN) collects data on drug-related medical emergencies and deaths as reported from about 650 hospitals and medical examiners nationwide. Used by Federal, State and local agencies, this on-going data system supports efforts to identify drug abuse trends; assesses health hazards associated with substance abuse; and schedules substances under the Controlled Substances Act. The annual burden estimate is 15,972 hours as shown below:

	No. of respondents	No. of responses per respondent	Average burden per response	Gross burden hours	IR ¹ reporting hours	Total adjusted burden hours
Hospitals	500	368	0.133 hrs.	24,480	10,282	14,198
Medical Examiners	150	123	0.160 hrs.	2,957	1,183	1,774

¹ There is no burden associated with reporting by Independent Reporters (IRs), therefore these hours are not included in the Total Adjusted Burden Hours.

Written comments and recommendations concerning the proposed information collections should be sent within 30 days of this

notice to: Virginia Huth, Human Resources and Housing Branch, Office of Management and Budget, New

Executive Office Building, Room 10236, Washington, D.C. 20503.

Dated: February 21, 1997.
 Richard Kopanda,
Executive Officer, SAMHSA.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4200-N-32]

Notice of Proposed Information Collection for Public Comment

AGENCY: Office of the Chief Financial
Officer, HUD.

ACTION: Notice.

SUMMARY: The proposed information collection requirement described below will be submitted to the Office of Management and Budget (OMB) for review, as required by the Paperwork Reduction Act. The Department is soliciting public comments on the subject proposal.

DATES: *Comments due:* April 29, 1997.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Erie T. Davis, Jr., CFO Management Staff, Department of Housing and Urban Development, 451 Seventh Street SW., Room 2102, Washington, DC 20410.

FOR FURTHER INFORMATION CONTACT: Patrick Wallis, Telephone number (202) 708-0313 (this is not a toll-free number) for copies of the proposed forms and other available documents.

SUPPLEMENTARY INFORMATION: The Department will submit the proposed information collection to OMB for review, as required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35, as amended).

The Notice is soliciting comments from interested persons regarding the burden estimated or any other aspect of this collection of information, including any of the following subject: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

This Notice also lists the following information:

Title of Proposal: HUD-27053, Request for Grant Payment, HUD-

27053A, Request for Homeless Grant Payment, HUD-27054 LOCCS Voice Response Access Authorization.

OMB Control Number: 2535-0102.

Description of the need for the information and the proposed use: HUD/CFO decided to process requests for payments to its grant recipients through a Voice Response System after the Department of Treasury closed down its Treasury Financial Communications System—Letter of Credit (TRCS-LOC) at the end of calendar year 1990. Under Voice Response, a caller submits a payment request directly to HUD using a touch tone telephone. The caller is greeted by a "DEC-TALK Simulator" prompting the caller to enter numbers and symbols from the touch tone keypad. The above mentioned forms will be used in lieu of the SF-270, Request for Advance or Reimbursement or the TFS-5805, Request for Funds, or the FMS-5401, Payment Voucher on Letter of Credit pursuant to the requirements of Circular A-102, A-110, and TFM 6-2000. These forms impose no additional burden on the recipient except for filling out the access authorization form. Recipients will fill out these forms in order to request payment of grant funds or to designate the appropriate officials who can have access to the HUD voice activated payment system. The request for payment forms have been specially designed to help the recipient when calling in for a request of funds. These forms will be used in lieu of the SF-270, Request for Advance or Reimbursement or the SF-5805, Request for Funds. In addition, these forms will be used as an internal control feature instituted to support and safeguard Federal funds, as well as provide a service to the recipients. The voice activated payment concept is the latest in technology and provides a recipient a fast, reliable method to obtain Federal funding. This method should improve the payment process because the recipient will know before he/she hangs up the phone whether their request will be paid or who to call if there is a problem and the request was not processed by the system. All requests processed by the system will be paid by ACH within 48 hours. No duplication is involved with these forms since HUD will not require the SF-270, Request for Advance or Reimbursement. HUD is not using the SF-270, Request for Advance or Reimbursement because we wanted a custom designed form to prompt the caller to enter numbers and symbols from a touch tone keypad. The SF-270, Request for Advance or Reimbursement would not easily facilitate this type of payment method. The associated burden

is the minimum needed to request payment of funds. The Voice Response System will accept request of funds from a recipient on a daily basis. However, a recipient should be using good cash management practices and request payment of HUD funds administratively close to when they have to pay their bills. Therefore, the frequency a recipient requests funds will depend upon the types of activities he or she is managing. We [HUD] do not violate the guidelines of 5 CFR 1320.6. We consulted only with the Department of Health and Human Services in February 1990, concerning their system and the costs associated with using it. This payment system will require that the latest security features be installed to deter excessive fraudulent payments. Only a limited number of authorized officials will have access to the system for updating purposes. No sensitive questions are asked. Cost to the Federal Government is based on approximately \$.03 a copy for the form HUD-27054 and \$.08 a copy for forms HUD-27053 and HUD-27053A to be printed and distributed (including overhead) to recipients; *Frequency:* Annually; *Affected Public:* Number of Respondents: 2,000; Total Annual Responses: 237,200; Total Annual Hours: 41,133.

Agency form numbers: HUD-27053, HUD-27053A, HUD-27054.

Members of affected public: State, Local or Tribal Governments, not-for-profit institutions.

An estimation of the total number of hours needed to prepare the information collection is 41,133, number of respondents is 2,000, frequency of response is annually and the total annual responses is 237,200.

Status of the proposed information collection: Extension of a currently approved collection.

Authority: Section 3506 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35, as amended.

Dated: February 21, 1997.

William H. Eargle, Jr.,
Deputy Chief Financial Officer for Accounting.
