The collection of the data on the FR MSD-4 and FR MSD-5 is compiled in a "system of records" within the meaning of the Privacy Act (5 U.S.C. 552a(a)(5)).

*Abstract:* Rule G-7, "Information Concerning Associated Persons," of the Municipal Securities Rulemaking Board (MSRB) requires a person who is or seeks to be associated with a municipal securities dealer to provide certain background information to the dealer, and conversely, requires the dealer to

obtain such information. The FR MSD-4 collects information, such as personal history and professional qualifications, on an employee whom the dealer wishes to assume the duties of a municipal securities principal or representative. The FR MSD-5 collects the date of, and the reason for termination of, such an employee and whether there occurred any investigations or actions by agencies or securities industry self regulating organizations (SROs) involving the associated person during the period of employment.

**Abstract:** The Securities Exchange Act requires any person acting as a transfer agent to register and to amend registration information as it changes. State member banks and their

subsidiaries, bank holding companies, and certain nondeposit trust company subsidiaries of bank holding companies register with the Federal Reserve by submitting Form TA-1. The information collected includes the company name, all business addresses, and several questions about the registrant's proposed activities as a transfer agent. **Frequency:** one-time survey

The derivatives outstanding portion of the survey covers a smaller set of firms because market making in derivatives markets is more concentrated.

**Effective Date:** Turnover survey: April 1-30, 1998; Derivatives outstanding survey: June 30, 1998.

**Annual reporting hours:** 8,187

**Estimated average hours per response:**

Pre-survey questionnaire: 5 minutes;

Turnover survey: 50 hours; Derivatives

outstanding survey: 15 hours for FR 2436 respondents (there are proposed to be thirteen), 60 hours for others

**Number of respondents:** Pre-survey questionnaire and turnover survey: 144; Derivatives outstanding survey: 26. Small businesses are not affected.

**General description of report:** This information collection is voluntary (12 U.S.C. 248(a)(2), 353-359, and 3105(c)) and is given confidential treatment (5 U.S.C. 552(b)(4)).

**Abstract:** The Central Bank Survey of Foreign Exchange and Derivatives Market Activity is part of an ongoing triennial series. The data from the survey provide information about the size and structure of the global markets for foreign exchange and financial derivatives transactions. The Federal Reserve is one of forty-four central banks conducting surveys. Aggregate results from each central bank's survey will be provided to the Bank for International Settlements, which will compile global market statistics. The survey will be conducted by the Federal Reserve Bank of New York.

The survey has two parts, a turnover survey and a survey of outstanding derivatives contracts. The changes from

the 1995 survey are intended to reduce the reporting burden. The most significant revisions are those made to the derivatives outstandings part of the survey to align it with the Semiannual Report of Derivatives Activity (FR 2436) which is discussed below.

**2. Report title:** Semiannual Report of Derivatives Activity

**Agency form number:** FR 2436

**OMB Control number:** 7100-0286

**Annual reporting hours:** 2,600

**Estimated average hours per response:** 100

**Number of respondents:** 13

Small businesses are not affected.

**General description of report:** This information collection is voluntary (12 U.S.C. 248(a), 353-359, and 461) and will be given confidential treatment (5 U.S.C. 552(b)(4)).

**Abstract:** The FR 2436 will collect derivatives market statistics from a sample of thirteen large U.S. dealers of OTC derivatives. The report will collect information on notional amounts and gross market values of the volumes outstanding of broad categories of foreign exchange, interest rate, equity- and commodity-linked over-the-counter derivatives instruments across a range of underlying currencies, interest rates, and equity markets.

This collection of information will complement the ongoing triennial Survey of Foreign Exchange and Derivatives Market Activity (FR 3036) and will be implemented concurrently with the 1998 FR 3036. The FR 2436 will collect similar data on the outstanding volume of derivatives, but not on derivatives turnover. As with the FR 3036, the Federal Reserve will conduct this report in coordination with other central banks and will forward the aggregated data furnished by U.S. reporters to the Bank for International Settlements, which will publish global market statistics that are aggregations of national data.

**3. Report title:** 1998 Survey of Consumer Finance

**Agency form number:** FR 3059

**OMB Control number:** 7100-0287

**Effective Date:** June 1, 1998

**Frequency:** One-time survey

**Reporters:** U.S. families

**Annual reporting hours:** 6,900

**Estimated average hours per response:** 1.5

**General description of report:** This information collection is voluntary (12 U.S.C. §§ 225a, 1821, 1828(c), 1842, and

The survey, to be conducted between June and December 1998, will collect data on the assets, debts, income, work history, pension rights, use of financial services, and attitudes of a sample of U.S. families.

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92-463), the Agency for Toxic Substances and Disease Registry (ATSDR) and the Centers for Disease

Control and Prevention (CDC) announce the following meeting.

**Name:** Citizens Advisory Committee on Public Health Service Activities and Research at DOE Sites: Fernald Health Effects Subcommittee.

**Status:** Open to the public, limited only by the space available. The meeting room accommodates approximately 50 people.

HHS delegated program responsibility to CDC.

In addition, a memo was signed in October 1990 and renewed in November 1992 between ATSDR and DOE. The MOU delineates the responsibilities and procedures for ATSDR's public health activities at DOE sites required under sections 104, 105, 107, and 120 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA or "Superfund"). These activities include health consultations and public health assessments at DOE sites listed on, or proposed for, the Superfund National Priorities List and at sites that are the subject of petitions from the public; and other health-related activities such as epidemiologic studies, health surveillance, exposure and disease registries, health education, substance-specific applied research, emergency response, and preparation of toxicological profiles.

**Purpose:** This subcommittee is charged with providing advice and recommendations to the Director, CDC, and the Administrator, ATSDR, regarding community, American Indian Tribes, and labor concerns pertaining to CDC's and ATSDR's public health activities and research at this DOE site. The purpose of this meeting is to provide a forum for community, American Indian Tribal, and labor interaction and serve as a vehicle for community concern to be expressed as
