

This rate is not industry-specific but, rather, represents a general estimate of supervisory labor in Indonesia. We have adjusted these wages, based on the wholesale price index inflator, for the POR.

- For factory overhead, selling, general and administrative expenses, and profit, we could not find values for the bearings industry in Indonesia. Therefore, we used a publicly available 1996 financial statement of P.T. Jaya Pari Steel Ltd, an Indonesian producer engaged in the iron and steel making industry, an industry comparable to TRBs, which was recently used in the *Final Results of Antidumping Duty Administrative Reviews: Antifriction Bearings (Other Than Tapered Roller Bearings) and Parts Thereof from France, Germany, Italy, Japan, Romania, Singapore, Sweden and the United Kingdom*, 62 FR 54043 (October 17, 1997).

- To value packing materials, when materials used to package TRBs were imported into Romania from market-economy countries, we used the import prices to value the material input. To value all other packing materials, we used the import value per metric ton of these materials for the period January 1996 through December 1996 (and adjusted with the wholesale price index inflator to place these values on an equivalent basis for the POR), as published in the Indonesian *Foreign Trade Statistical Bulletin—Imports*. We adjusted these values to include freight costs incurred using the shorter of (a) the distance between the closest Indonesian port and the factory, or (b) the distance between the actual supplier and the factory.

- To value foreign inland freight, we used freight rates obtained from a cable from the U.S. Embassy in Jakarta, Indonesia, as indicated above. For a complete description of these adjustments, see *TIE Analysis Memorandum for the Preliminary Results*, dated March 2, 1998, at pg. 1.

Currency Conversion

We made currency conversions in accordance with Section 773A(a) of the Act. For currency conversions involving the Indonesian Rupiah, we used exchange rates published by the International Monetary Fund in *International Financial Statistics*. For all other conversions, we used daily exchange rates published by the Federal Reserve.

Preliminary Results of the Review

As a result of our review, we preliminarily determine that the following margin exists:

Exporter	Time period	Margin (per-cent)
Tehnoimportexport, S.A.	6/1/96–5/31/97	0.86

Parties to the proceeding may request disclosure within 5 days of the date of publication of this notice. Any interested party may request a hearing within 10 days of publication. Any hearing, if requested, will be held 44 days after the publication of this notice, or the first workday thereafter. Interested parties may submit case briefs within 30 days of the date of publication of this notice. Rebuttal briefs, which must be limited to issues raised in the case briefs, may be filed not later than 37 days after the date of publication. The Department will publish a notice of final results of this administrative review, which will include the results of its analysis of issues raised in any such comments, within 120 days after the date of publication of these preliminary results.

The Department shall determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. The Department will issue appraisal instructions directly to the U.S. Customs Service.

Furthermore, the following deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of TRBs from Romania entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided for by section 751(a)(2)(c) of the Act: (1) The cash deposit rate for TIE will be the rate we determine in the final results of review; (2) for all other Romanian exporters, the cash deposit rate will be the Romania-wide rate made effective by the amended final results of the 1994–95 administrative review (see *Tapered Roller Bearings and Parts Thereof, Finished or Unfinished, from Romania; Amendment of Final Results of Antidumping Duty Administrative Review*, 61 FR 59416 (November 22, 1996)); (3) for non-Romanian exporters of subject merchandise from Romania, the cash deposit rate will be the rate applicable to the Romanian supplier of that exporter. These deposit requirements, when imposed, shall remain in effect until publication of the final results of the next administrative review.

This notice serves as a preliminary reminder to importers of their responsibility under 19 CFR 353.26 of the Department's regulations to file a certificate regarding the reimbursement of antidumping duties prior to

liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties. This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)) and 19 CFR 353.22.

Dated: March 2, 1998.

Robert S. LaRussa,
Assistant Secretary for Import Administration.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 022798A]

Gulf of Mexico Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Gulf of Mexico Fishery Management Council (Council) will convene a public meetings of the Coastal Migratory Pelagics (Mackerel) Stock Assessment Panel (MSAP).

DATES: The meetings will begin at 1:00 p.m. on Monday, March 23, 1998 and will conclude by Friday, March 27, 1998.

ADDRESSES: The meeting will be held at NMFS Southeast Fisheries Science Center, 75 Virginia Beach Drive, Miami, FL.

Council address: Gulf of Mexico Fishery Management Council, 3018 U.S. Highway 301 North, Suite 1000, Tampa, FL 33619

FOR FURTHER INFORMATION CONTACT: Dr. Richard Leard, Senior Fishery Biologist; telephone: 813–228–2815.

SUPPLEMENTARY INFORMATION: The MSAP will review stock assessments for the Gulf and Atlantic migratory groups of king and Spanish mackerel. The MSAP will also consider available information including but not limited to commercial and recreational catches, natural and fishing mortality estimates, recruitment, fishery-dependent and fishery-independent data, and data needs. These analyses will be used to determine the condition of the stocks and the levels of acceptable biological catch for the 1998–99 fishing year.

Although other issues not contained in this agenda may come before the Panel for discussion, in accordance with the Magnuson-Stevens Fishery Conservation Act, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically identified in the agenda listed in this notice.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Anne Alford at the Council (see ADDRESSES) by March 16, 1998.

Dated: March 2, 1998.

Bruce C. Morehead,

Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 022798B]

Gulf of Mexico Fishery Management Council; Public Meetings

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meetings.

SUMMARY: The Gulf of Mexico Fishery Management Council (Council) will convene public meetings of the Socioeconomic Panel (SEP).

DATES: A joint meeting of the SEP Coastal Pelagics Subgroup and the Coastal Migratory Pelagics (Mackerel) Stock Assessment Panel will be held beginning at 1:00 p.m. on Monday, March 23, 1998 and will continue through Tuesday, March 24, 1998. On Wednesday, March 25, the entire SEP will hold their meeting, which will conclude by 5:00 p.m. on Thursday, March 26, 1998.

ADDRESSES: The joint meeting will be held at NMFS Southeast Fisheries Science Center, 75 Virginia Beach Drive, Miami, FL. The separate SEP meeting will be held at the Club Hotel & Suites by Doubletree, 100 SE 4th Street, Miami, FL.

Council address: Gulf of Mexico Fishery Management Council, 3018 U.S. Highway 301 North, Suite 1000, Tampa, FL 33619

FOR FURTHER INFORMATION CONTACT: Antonio B. Lamberte, Economist; telephone: 813-228-2815.

SUPPLEMENTARY INFORMATION: The SEP members will meet to review available social and economic information on the Gulf migratory group of king and Spanish mackerels and to determine the social and economic implications of the levels of acceptable biological catches recommended by the Council's Mackerel Stock Assessment Panel. The SEP may recommend to the Council total allowable catch levels for the 1998-99 fishing year. In addition, the SEP will address certain issues related to the assessment of regulatory impacts on fishing communities.

Although other issues not contained in this agenda may come before the Panel for discussion, in accordance with the Magnuson-Stevens Fishery Conservation Act, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically identified in the agenda listed in this notice.

A copy of the agenda can be obtained by contacting the Gulf Council (see ADDRESSES).

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Anne Alford at the Council (see ADDRESSES) by March 16, 1998.

Dated: March 2, 1998.

BILLING CODE 3510-22-F

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[I.D. 030298B]

Endangered Species; Permits

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Receipt of applications for a scientific research permit (1122, 1137) and modifications to permits 948 and 994.

SUMMARY: Notice is hereby given that the Bureau of Land Management, Roseburg District Office at Roseburg, OR (BLM) (1122) and the Fish Ecology Division, Northwest Fisheries Science Center, NMFS at Seattle, WA (NWFSC) (1137) have applied in due form for permits; and that the Northern Wasco County People's Utility District at The

Dalles, OR (NWCPUD) (948) and the Idaho Cooperative Fish and Wildlife Research Unit at Moscow, ID (ICFWRU) (994) have applied in due form for modifications to permits that would authorize takes of listed species for the purpose of scientific research.

DATES: Written comments or requests for a public hearing on these applications must be received on or before April 6, 1998.

ADDRESSES: The applications and related documents are available for review in the following offices, by appointment:

Protected Resources Division (PRD), F/NWO3, NMFS, 525 NE Oregon Street, Suite 500, Portland, OR 97232-4169 (503-230-5400).

Office of Protected Resources, F/PR3, NMFS, 1315 East-West Highway, Silver Spring, MD 20910-3226 (301-713-1401); and

Written comments or requests for a public hearing should be submitted to the Chief, PRD, Portland.

FOR FURTHER INFORMATION CONTACT: For permit 1122 - Tom Lichatowich, PRD (503-230-5438);

For permits 1137, 948, and 994 - Robert Koch, PRD (503-230-5424).

SUPPLEMENTARY INFORMATION: BLM (1122) and NWFSC (1137) request permits; and NWCPUD (948) and ICFWRU (994) request modifications to permits under the authority of section 10 of the Endangered Species Act of 1973 (ESA) (16 U.S.C. 1531-1543) and the NMFS regulations governing ESA-listed fish and wildlife permits (50 CFR parts 217-227).

BLM (1122) requests a five-year permit for an annual direct take of juvenile, endangered, Umpqua River cutthroat trout (URCT) *Oncorhynchus clarki clarki* associated with a research project designed to determine sub-basin contribution to the migratory population. This information will benefit wild populations by identifying important habitat areas where restoration efforts will have the most impact. BLM proposes to use screw traps to estimate abundance from selected sub-basins and will radio-tag up to 20 of the fish captured in each sub-basin to determine whether the fish are resident, fluvial, or anadromous. The proposal will concentrate on Canton, Rock, Calapooya and Myrtle Creeks as well as Little River of the Umpqua River during the outmigration period of March through June. URCT will be captured, anesthetized, handled (measured, tagged, marked as appropriate) and allowed to recover before release. ESA-listed juvenile fish
