

November 1, 1998, two standby 350 horsepower Clark compressor units and related facilities, located at its Sheffield Compressor Station in Colbert County, Alabama. The utilization of the two standby compressor units would allow MIT time to determine whether a more permanent service arrangement would be required based on the outcome of the North Alabama Pipeline project of Southern Natural Gas Company (Southern) in Docket No. CP96-153-000 and the service decisions of the customers, the Cities of Decatur and Huntsville (Decatur and Huntsville), that the project was designed to serve.

Currently, MIT is proposing the instant extension request due to a recent certificate amendment by Southern in that proceeding. Southern's amendment indicates that construction will not commence on the North Alabama Pipeline until March 1999, and that it would not be operational until November 1, 1999. MIT notes that in the event that Decatur and Huntsville remained on its system, then it had planned to submit a permanent, long term solution that would accommodate all of its firm service obligations. Rather than propose a costly long-term alternative, MIT contends that it can continue to use its standby compressors without any additional capital outlay and still meet the firm service requirements until the future becomes more clear.

Any person desiring to be heard or to make any protest with reference to said application should or before March 25, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the National Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining appropriate action to be taken, but will not serve to make the protestants parties to the proceedings. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission of its designee on the application if no motion to intervene is

filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for MIT to appear or be represented at the hearing.

Acting Secretary.

Mojave Pipeline Company; Notice of Report

March 4, 1998.

Take notice that on February 27, 1998, in compliance with the Commission's order issued May 17, 1996 at Docket No. RP96-67-000, Mojave Pipeline Company (Mojave) tendered for filing a Hub Services Report for the second year of Hub operations.

Mojave states that the Hub Services Report details its Hub services for the previous year provided under Rate Schedule APS-1. Mojave provided no authorized loan services under Rate Schedule ALS-1 during this period.

Mojave states that copies of the filing were served upon all parties of record in this proceeding as well as all customers of Mojave and interested state regulatory commissions.

Any person desiring to protest said filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, DC 20426, in accordance with Section 385.211 of the Commission's rules and Regulations. All such protests should be filed on or before March 11, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Copies of this filing are on file with the Commission and are available for public inspection in the Public Reference Room.

National Fuel Gas Supply Corporation; Notice of Tariff Filing

March 4, 1998.

Take notice that on February 27, 1998, National Fuel Gas Supply Corporation (National) tendered for filing as part of its FERC Gas Tariff, Fourth Revised Volume No. 1, Eighth Revised Sheet No. 9, with a proposed effective date of March 1, 1998.

National states that pursuant to Article II, Section 2 of the approved settlement at Docket Nos. RP94-367-000, et al., National is required to recalculate the maximum Interruptible Gathering (IG) rate monthly and to charge that rate on the first day of the following month if the result is an IG rate more than 2 cents above or below the IG rate as calculated under Section 1 of Article II. The recalculation produced an IG rate of 14.0 cents per dth.

National further states that, as required by Article II, Section 4, National is filing a revised tariff sheet within 30 days of the effective date for the revised IG rate.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations. Natural Gas Pipeline Company of America; Notice of Proposed Changes in FERC Gas Tariff

March 4, 1998.

Take notice that on February 27, 1998, Natural Gas Pipeline Company of America (Natural) tendered for filing as part of its FERC Gas Tariff, Sixth Revised Volume No. 1, certain tariff sheets to be effective April 1, 1998.

Natural states that the purpose of this filing is to: (1) Establish a new Rate Schedule under which Natural would provide a fully interruptible Park and Loan Service (PALS), (2) make limited revisions to Section 5 of the General Terms and Conditions (GT&C) of Natural's Tariff to address PALS, and (3)

make limited conforming changes to Natural's GT&C.

Natural requested any waivers which may be required to permit the tendered tariff sheets to become effective April 1, 1998.

Natural states that copies of the filing have been mailed to Natural's customers and interested states regulatory agencies.

Any person desiring to be heard or to protest said filing should file a motion to intervene or a protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations.
