

time prior to the commencement of Phase II.) In exchange, Laidlaw would be obligated to construct an appropriate disposal cell at its facility to receive LLW and MLLW and commit to proceed with Phase II. Phase II would include the actual shipment of wastes to the Deer Trail Facility.

Comments are invited on the Department's current policy regarding the disposal of LLW and MLLW at existing, licensed commercial facilities under DOE Order 5820.2A, and on the options illustrated by the WCS proposal and the Laidlaw proposal, to assist the Department in determining whether to continue or change its existing policies related to the use of commercial facilities for the disposal of LLW and MLLW. The Department is particularly interested in receiving comments on other types of options it should consider in formulating future policies for the disposal of LLW and MLLW. If the Department's policy analysis results in a proposal that would require the preparation of an environmental analysis pursuant to the National Environmental Policy Act, an appropriate analysis will be prepared.

Arkansas Gas Consumers v. NorAm Gas Transmission Company; Notice of Complaint

March 13, 1998.

Take notice that on March 11, 1998, pursuant to Rule 206 of the Commission's Rules of Practice and Procedure, 18 CFR 385.206, the Arkansas Gas Consumers (AGC) tendered for filing a complaint against NorAm Gas Transmission Company (NorAm). AGC alleges that NorAm plans to increase the number of pooling zones on its system from 5 to 10 effective April 1, 1998, and that it intends to do so without filing to revise its tariff. AGC contends that this proposal is unreasonable, and absent tariff authority, is a violation of the Natural Gas Act.

AGC also contends that if NorAm implements its proposal pool operators will suffer decreased flexibility and restricted balancing ability. AGC further contends that the increase in the number of pooling zones will decrease pool operators' ability to aggregate small shippers' supplies into bundles large enough for sale. AGC argues that this will benefit NorAm's marketing affiliate, and that this is the real purpose underlying the proposal. AGC contends that, even without the proposed change, pooling on NorAm's system is improper and contributes to what AGC contends is a discriminatory NorAm discounting policy.

Any person desiring to be heard or protest with respect to said complaint shall file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Sections 385.214 and 385.211 of the Commission's Rules and Regulations. All such motions and protests must be filed on or before March 27, 1998. All protests filed with the Commission will be considered in determining the appropriate course of action to be taken, but will not serve to make a protestant a party to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are available for public inspection in the

Public Reference Room. Answers to this complaint are due March 27, 1998.

K N Wattenberg Transmission Limited Liability Company; Complainant, v. Public Service Company of Colorado, Colorado Interstate Gas Company, Coastal Natural Gas Company, Wyoming Interstate Gas Company, New Century Energies, Inc., NCE/CIG Facilities Company LLC, NC Enterprises, Inc., WYCO Development, LLC, WYCO Capacity, LLC, Respondent; Notice of Complaint, Motion for Order To Show Cause and Request for Investigation

March 13, 1998.

Take notice that on March 9, 1998, K N Wattenberg Transmission Limited Liability Company (K N Wattenburg), P.O. Box 281304, Lakewood, Colorado 80228-8304, filed a complaint, motion to show cause and a request for investigation in Docket No. CP98-271-000 pursuant to Rules 206, 209 and 212 of the Commission's Rules of Practice and Procedure. K N Wattenburg has filed this complaint requesting that the Commission issue an order requiring Public Service Company of Colorado (PSCo), Colorado Interstate Gas Company (CIG) and their affiliated companies named above to show cause why they should not be required to file under Section 7 of the Natural Gas Act (NGA) for authorization to construct and operate as a single jurisdictional pipeline the facilities which are currently the subject of the applications before the Commission in Docket No. CP98-128-000 and before the Colorado Public Utilities Commission, all as more fully set forth in the complaint which is on file with the Commission and open to public inspection.

Specifically, K N Wattenberg complains that PSCo and CIG have formed an anticompetitive alliance to finance, construct and operate an interstate pipeline project to compete against its Front Runner pipeline project, proposed in Docket No. CP98-49-000, which will follow virtually the identical route, provide service to the same markets and will deliver gas from the same source to those markets. K N Wattenberg adds that neither PSCo nor

CIG has requested nor obtained section 7 authorization from the Commission to construct and operate their interstate pipeline project. Instead, alleges K N Wattenberg, both parties are blatantly attempting through the use of their affiliates and a complex series of interrelated, and newly-created, jointly-owned companies, to unlawfully evade the Commission's exclusive jurisdiction under the NGA.

Any person desiring to be heard or to make any protest with reference to this complaint should, on or before April 13, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC, 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 and 385.211). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules. Answers to the complaint shall be due on or before April 13, 1998.

Acting Secretary.

Tuscarora Gas Transmission Company; Notice of Filing

March 13, 1998.

Take notice that on March 9, 1998, Tuscarora Gas Transmission Company (Tuscarora) filed a "Petition for Declaratory Order and Request for Waiver." Tuscarora seeks an order declaring that it is not subject to the Commission's marketing affiliate regulations promulgated in Order Nos.

497 *et seq.*¹ and Order Nos. 566, *et seq.*² In the alternative, Tuscarora requests a waiver of the marketing affiliate regulations.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Rules 211 or 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 or 385.214). All such motions to intervene or protest should be filed on or before March 30, 1998. Protests will be considered by the Commission in determining the appropriate action to be taken but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection.
