

1998. The actual release date of the Prospectus shall be the date the notice is published in the "Commerce Business Daily".

**ADDRESSES:** Interested parties should contact Henry Benedetti, Chief-Concessions Management, Everglades National Park, 40001 State Road 9336, Homestead, FL, 33034 for a copy of the Prospectus.

**SUPPLEMENTARY INFORMATION:** This contract renewal has been determined to be categorically excluded from the procedural provisions of the National Environmental Policy Act and no environmental document will be prepared since the improvement program includes only replacement of existing facilities on previously disturbed land.

The existing concessioner has performed its obligation to the satisfaction of Secretary under an existing contract which expired by limitation of time on November 30, 1992, and therefore pursuant to the provisions of Section 5 of the Act of October 9, 1965 (16 U.S.C. 20 *et seq.*), is entitled to be given preference in the renewal of the contract, and in the award of a new contract providing that the existing concessioner submits a responsive offer. Responsive means a timely offer which meets the terms and conditions of the Prospectus. This means that the contract will be awarded to the party submitting the best offer, provided that if the best offer was not submitted by an existing concessioner, then the existing concessioner will be afforded the opportunity to match the best offer. If the existing concessioner agrees to match the best offer, then the contract will be awarded to the existing concessioner. If the existing concessioner does not submit a responsive offer, the right of preference in renewal shall be considered to have been waived, and the contract permit will then be awarded to the party that has submitted the best responsive offer. The Secretary will consider and evaluate all offers received as a result of this notice.

Any offer, including that of the existing concessioner, must be received by the (Superintendent), Everglades National Park, 40001 State Road 9336, Homestead, FL 33034, no later than the sixtieth (60th) day following the day notice is published in the "Commerce Business Daily" to be considered and evaluated.

#### Notice of Inventory Completion for Native American Human Remains and Associated Funerary Objects from Churchill County, NV in the Control of the Nevada State Office, Bureau of Land Management, Reno, NV

**AGENCY:** National Park Service

**ACTION:** Notice

Notice is hereby given in accordance with provisions of the Native American Graves Protection and Repatriation Act (NAGPRA), 43 CFR 10.9, of the completion of an inventory of human remains and associated funerary objects from Churchill County, NV in the control of the Nevada State Office, Bureau of Land Management, Reno, NV. A detailed assessment of the human remains was made by Bureau of Land Management and Nevada State Museum professional staff in consultation with representatives of the Paiute-Shoshone Tribe of the Fallon Reservation and Colony.

In 1940, human remains representing one individual were recovered during legally authorized excavations from a crevice burial near the Grimes Point Site. No known individuals were identified. A minimum of 4,061 associated funerary objects include a rope fragment, glass beads, and fragments of arrow shafts.

The associated funerary objects date this burial to the historic period (c. 19th century). Historical documents and ethnographic sources indicate that the Paiute people have occupied this area since precontact times. Northern Paiute oral tradition further support this evidence.

Based on the above mentioned information, officials of the Bureau of

Land Management have determined that, pursuant to 43 CFR 10.2 (d)(1), the human remains listed above represent the physical remains of one individual of Native American ancestry. Officials of the Bureau of Land Management have also determined that the minimum 4,061 objects listed above are reasonably believed to have been placed with or near individual human remains at the time of death or later as part of the death rite or ceremony. Lastly, officials of the Bureau of Land Management have determined that, pursuant to 43 CFR 10.2 (e), there is a relationship of shared group identity which can be reasonably traced between these Native American human remains and associated funerary objects and the Paiute-Shoshone Tribe of the Fallon Reservation and Colony.

This notice has been sent to officials of the Paiute-Shoshone Tribe of the Fallon Reservation and Colony. Representatives of any other Indian tribe that believes itself to be culturally affiliated with these human remains and associated funerary objects should contact Cynthia Ellis, NAGPRA Coordinator, Nevada State Office, BLM, P.O. Box 1200, Reno, NV 89520; telephone: (702) 785-6469, before April 27, 1998. Repatriation of the human remains and associated funerary objects to the culturally affiliated tribe may begin after that date if no additional claimants come forward.

The National Park Service is not responsible for the determinations within this notice.

Dated: March 23, 1998.
