#### CONSUMER PRODUCT SAFETY COMMISSION

##### Proposed Collection; Comment Request; Recordkeeping Requirements Under the Safety Regulations for Non-Full-Size Cribs

**AGENCY:** Consumer Product Safety Commission.

**ACTION:** Notice.

**SUMMARY:** As required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission requests comments on a proposed extension of approval through September 30, 2001, of information collection requirements in the safety regulations for non-full-size cribs codified at 16 CFR 1500.18(a)(14) and Part 1509. These regulations were issued to reduce hazards of strangulation, suffocation, pinching, bruising, laceration, and other injuries associated with non-full-size cribs. (A non-full-size crib is a crib having an interior length greater than 55 inches or smaller than 49¾ inches; or an interior width greater than 30⅝ inches or smaller than 25⅝ inches; or both.) The regulations prescribe performance, design, and labeling requirements for

non-full-size cribs. They also require manufacturers and importers of those products to maintain sales records for a period of three years after the manufacture or importation of non-full-size cribs. If any non-full-size cribs subject to provisions of 16 CFR 1500.18(a)(14) and Part 1509 fail to comply in a manner severe enough to warrant a recall, the required records can be used by the manufacturer or importer and by the Commission to identify those persons and firms who should be notified of the recall. The Commission will consider all comments received in response to this notice before requesting approval of this collection of information from the Office of Management and Budget.

**DATES:** Written comments must be received by the Office of the Secretary not later than June 8, 1998.

**ADDRESSES:** Written comments should be captioned "Collection of Information—Requirements Under the Safety Regulations for Non-Full-Size Cribs" and mailed to the Office of the Secretary, Consumer Product Safety Commission, Washington, D.C. 20207, or delivered to that office, room 502, 4330 East-West Highway, Bethesda, Maryland 20814. Written comments may also be sent to the Office of the Secretary by facsimile at (301) 504-0127 or by e-mail at cpssc-os@cpssc.gov.

**FOR FURTHER INFORMATION CONTACT:** For information about the proposed collection of information call or write Robert E. Frye, Director, Office of Planning and Evaluation, Consumer Product Safety Commission, Washington, D.C. 20207; (301) 504-0962, Ext. 2264.

#### SUPPLEMENTARY INFORMATION:

##### A. Estimated Burden

Based on information available at the time the Commission sought Office of Management and Budget approval of the collection of information in the safety regulations for non-full-size cribs in 1995, the Commission staff estimates that there are 40 firms required to annually maintain sales records of non-full-size cribs. The staff further estimates that the average number of hours per respondent is four per year, for a total of 160 hours of annual burden (40×4=160).

##### B. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

#### CONSUMER PRODUCT SAFETY COMMISSION

##### Proposed Collection; Comment Request—Testing and Recordkeeping Requirements Under the Standard for the Flammability of Mattresses and Mattress Pads

**AGENCY:** Consumer Product Safety Commission.

**ACTION:** Notice.

**SUMMARY:** As required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission requests comments on a proposed extension of approval through September 30, 2001, of information collection requirements in the Standard for the Flammability of Mattresses and Mattress Pads (16 CFR Part 1632). The standard is intended to reduce unreasonable risks of burn injuries and deaths from fires associated with mattresses and mattress pads. The standard prescribes a test to assure that a mattress or mattress pad will resist ignition from a smoldering cigarette. The standard requires manufacturers to perform prototype tests of each combination of materials and construction methods used to produce mattresses or mattress pads and to obtain acceptable results from such testing. Sale or distribution of mattresses without successful completion of the testing required by the standard violates section 3 of the Flammable Fabrics Act (15 USC 1192). An enforcement rule implementing the standard requires manufacturers to maintain records of testing performed in

accordance with the standard and other information about the mattress or mattress pads which they produce. The Commission will consider all comments received in response to this notice before requesting approval of this collection of information from the Office of Management and Budget.

**DATES:** Written comments must be received by the Office of the Secretary not later than June 8, 1998.

**ADDRESSES:** Written comments should be captioned "Collection of Information—Mattress Flammability Standard" and mailed to the Office of the Secretary, Consumer Product Safety Commission, Washington, D.C. 20207, or delivered to that office, room 502, 4330 East-West Highway, Bethesda, Maryland 20814. Written comments may also be sent to the Office of the Secretary by facsimile at (301) 504-0127 or by e-mail at [cpsc-os@cpsc.gov](mailto:cpsc-os@cpsc.gov).

**FOR FURTHER INFORMATION CONTACT:** For information about the proposed collection of information call or write Robert E. Frye, Director, Office of Planning and Evaluation, Consumer Product Safety Commission, Washington, D.C. 20207; (301) 504-0962, Ext. 2264.

**SUPPLEMENTARY INFORMATION:**

**A. Estimated Burden**

Based on information available at the time the Commission sought Office of Management and Budget approval of the collection of information in the Standard for the Flammability of Mattresses and Mattress Pads in 1995, the Commission staff estimates that there are 800 firms required to test mattresses and keep records. The staff further estimates that eight annual reports per firm requiring  $3\frac{1}{4}$  hours each will be needed, for a total of 20,800 hours of annual burden ( $800 \times 8 \times 3.25 = 20,800$ ).

**B. Request for Comments**

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and

—Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

**CONSUMER PRODUCT SAFETY COMMISSION**

**Proposed Collection; Comment Request—Procedures for Export of Noncomplying Products**

**AGENCY:** Consumer Product Safety Commission.

**ACTION:** Notice.

**SUMMARY:** As required by the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Consumer Product Safety Commission requests comments on a proposed extension of approval through September 30, 2001, of information collection requirements in regulations codified at 16 CFR Part 1019, which establish procedures for export of noncomplying products. These regulations implement provisions of the Consumer Product Safety Act, the Federal Hazardous Substances Act, and the Flammable Fabrics Act that require persons and firms to notify the Commission before exporting any product that fails to comply with an applicable standard or regulation enforced under provisions of those laws. The Commission is required by law to transmit the information relating to the proposed exportation to the government of the country of intended destination. The Commission will consider all comments received in response to this notice before requesting approval of this collection of information from the Office of Management and Budget.

**DATES:** Written comments must be received by the Office of the Secretary not later than June 8, 1998.

**ADDRESSES:** Written comments should be captioned "Collection of Information—Procedures for Export of Noncomplying Products" and mailed to the Office of the Secretary, Consumer Product Safety Commission, Washington, D.C. 20207, or delivered to that office, room 502, 4330 East-West Highway, Bethesda, Maryland 20814. **SUPPLEMENTARY INFORMATION:**

**A. Estimated Burden**

Based on information available at the time the Commission sought Office of Management and Budget approval of the collection of information in the Procedures for Export of Noncomplying Products in 1995, the Commission staff estimates that there are 160 firms required to annually submit information to the Commission on proposed exports of noncomplying products. The staff further estimates that the average number of responses per respondent is 1.125 with one hour for each response needed, for a total of 180 hours of annual burden ( $160 \times 1.125 \times 1 = 180$ ).

**B. Request for Comments**

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.
