SUPPLEMENTARY INFORMATION: The Pesticide Environmental Stewardship Program (PESP) is a voluntary partnership between the pesticide user community and EPA. Begun in 1994 with 23 charter partners, PESP has grown to include 85 partners encompassing interests as diverse as almond growers in California, villages in the Northeast and utility rights-of-way managers throughout the country and 16 supporters encompassing interests as diverse as major food processors and stormwater management agencies. Partner organizations represent pesticide users; supporter organizations influence pesticide use or have an interest in pesticide issues.

In 1996, a National PESP Workshop was held in the Washington, DC area. At that workshop, many participants suggested that regional workshops be held to provide for more one-on-one contact between members in smaller groups. These workshops are in response to that request. The Agency anticipates holding additional regional workshops in the future.

The May 6 meeting will concentrate on residential and commercial pest control operators and their specific pesticide risk reduction needs. This session will include demonstrations of new pest control technologies being developed at the Agricultural Research Service facility. The May 7 meeting will include both agricultural and non-agricultural participants in PESP. Topics to be discussed on the second day include the development and implementation of risk reduction

strategies and the PESP grant process. There will be time for open discussion among the participants.

EXECUTIVE OFFICE OF THE PRESIDENT

Office of National Drug Control Policy

Designation of High Intensity Drug Trafficking Areas

AGENCY: Executive Office of the President, Office of National Drug Control Policy.

ACTION: Notice.

SUMMARY: This notice lists three (3) new High Intensity Drug Trafficking Areas designated by the Director of National Drug Control Policy.

FOR FURTHER INFORMATION CONTACT:

Comments and questions regarding this notice should be directed to Mr. Richard Y. Yamamoto, Director, HIDTA, Office of National Drug Control Policy, Executive Office of the President, Washington, D.C. 20503; 202-395-6755.

SUPPLEMENTARY INFORMATION: In 1990, the Director of ONDCP designated the first five HIDTAs. These original HIDTAs, areas through which most illegal drugs enter the United States, are the Southwest Border, Houston, Los Angeles, New York/New Jersey, and South Florida. In 1994, the Director designated the Washington/Baltimore HIDTA to address the extensive drug distribution networks serving hardcore drug users. Also in 1994, the Director designated Puerto Rico/U.S. Virgin Islands as a HIDTA based on the significant amount of drugs entering the United States through this region. In 1995, the Director designated three more HIDTAs in Atlanta, Chicago, and Philadelphia/Camden to target drug abuse and drug trafficking in those areas.

HIDTAs are domestic regions identified as having the most critical drug trafficking problems that adversely affect the United States. These new counties are designated pursuant to 21 U.S.C. 1504(c), as amended, to promote more effective coordination of drug control efforts. This action will support local, state and federal law enforcement officers in assessing regional drug threats, designing strategies to combat the threats, developing initiatives to implement the strategies, and evaluation of the effectiveness of these coordinated efforts.

HIDTAs support over 250 co-located officer/agent task forces in twenty regions of the country, including the entire Southwest Border. The HIDTA program strengthens mutually supporting local, state, and federal drug trafficking and money laundering task forces, bolsters information analysis and sharing networks and, improves

integration of law enforcement, drug treatment and drug abuse prevention programs.

Seven new HIDTAs were designated in 1997. They are: the Detroit, Michigan HIDTA, the Gulf Coast HIDTA (includes parts of Alabama, Louisiana, and Mississippi); the Lake County, Indiana HIDTA, the Midwest HIDTA (includes parts of Iowa, Kansas, Missouri, Nebraska, and South Dakota, with focus on methamphetamine); the Northwest HIDTA (includes seven counties of Washington State); the Rocky Mountain HIDTA (includes parts of Colorado, Utah, and Wyoming) and the San Francisco Bay Area HIDTA.

The states and counties included in the three new HIDTAs are:

(1) Milwaukee, Wisconsin—The Milwaukee HIDTA currently consists of the county of Milwaukee, Wisconsin.

(2) The Appalachia HIDTA—The Appalachia HIDTA currently consists of the following twenty-six (26) Kentucky counties: Adair, Bell, Breathitt, Clay, Clinton, Cumberland, Floyd, Harlan, Jackson, Knott, Knox, Laurel, Lee, Leslie, McCreary, Magoffin, Marion, Monroe, Owsley, Perry, Pike, Pulaski, Rockcastle, Taylor, Wayne, Whitley; the following eleven (11) West Virginia counties: Boone, Braxton, Cabell, Gilmer, Lewis, Lincoln, Logan, Mason, McDowell, Mingo and Wayne; and the following twenty-eight (28) Tennessee counties: Bledsoe, Campbell, Claiborne, Clay, Cocke, Cumberland, Fentress, Franklin, Grainger, Greene, Grundy, Hamblen, Hancock, Hawkins, Jackson, Jefferson, Macon, Marion, Overton, Pickett, Putnam, Rhea, Scott, Sequatchie, Sevier, Unicoi, Van Buren and White.

(3) Central Florida HIDTA—The Central Florida HIDTA consists of seven (7) Florida counties: Hillsborough, Orange, Osceola, Pinellas, Polk, Seminole, Volusia.

Signed at Washington, D.C. this 27th day of February, 1998.
