National Fuel Gas Supply Corporation; Notice of Tariff Filing

January 6, 1998.

Take notice that on December 31, 1997, National Fuel Gas Supply Corporation (National) tendered for filing as part of its FERC Gas Tariff, Fourth Revised Volume No. 1, Seventh Revised Sheet No. 9, with a proposed effective date of January 1, 1998.

National states that pursuant to Article I, Section 4, of the approved settlement at Docket Nos. RP94-367-000, *et al.*, National is required to redetermine quarterly the Amortization Surcharge to reflect revisions in the Plant to be Amortized, interest and associated taxes, and a change in the determinants. The recalculation produced an Amortization Surcharge of 12.08 cents per dth.

Further, National states that under Article II, Section 2, of the approved settlement, National is required to recalculate the maximum Interruptible Gathering (IG) rate monthly and to charge that rate on the first day of the following month if the result is an IG rate more than 2 cents above or below the IG rate as calculated under Section 1 of Article II. The recalculation produced an IG Rate of 16 cents per dth.

Any person desiring to be heard or to protest said failing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules of Practice and Procedure. [Docket No. RP98-99-000]

Tennessee Gas Pipeline Company; Notice of Filing

January 6, 1998.

Take notice that on December 30, 1997, Tennessee Gas Pipeline Company (Tennessee), pursuant to Section 4 of the Natural Gas Act and Part 154 of the Regulations of the Federal Energy

Regulation Commission filed original and revised tariff sheets setting forth a new rate schedule, Rate Schedule FT-BH, under which Tennessee will provide a new type of firm backhaul transportation service in addition to the firm backhaul service currently available under Tennessee's Rate Schedules FT-G, FT-GS, and FT-A. The new service will be performed under Part 284 of the Commission's regulations and is proposed to be effective March 1, 1998. A list of the tariff sheets comprising Rate Schedule FT-BH and a list of the revised tariff sheets is set forth in Appendix A to the filing.

Tennessee states that the proposed tariff sheets provide for a specialized, firm backhaul service at a rate that is lower than Tennessee's generally available maximum firm transportation rate. By limiting the availability and utilization of the FT-BH service, Tennessee can take advantage of conditions that exist on its system to meet the needs of its customers by offering an additional transportation option that it otherwise could not offer.

Tennessee states that the proposed tariff sheets also provide that FT-BH service will be a firm point-to-point service with limited Part 284 rights. The FT-BH service will not include the right to utilize secondary receipt and delivery points, and therefore will be limited to the use of primary receipt and delivery points only. Tennessee states that shippers will not have the right to segment their capacity rights nor the ability to do so because of this limitation. Tennessee explains that these limitations are necessary because given secondary rights, a shipper could utilize a secondary receipt point located upstream of a primary delivery point to effect a forward haul transaction.

Tennessee states that offering this service with the primary point restriction is the only way it can be offered at all to avoid impacting secondary rights for firm forward haul shippers under other rate schedules.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, in accordance with Sections 385.211 and 385.214 of the Commission's Rules and Regulations.
