SUPPLEMENTARY INFORMATION:

I. Background

At the 2-day meeting, the TDR Committee will focus mainly on discussing options for burden reduction associated with the TRI program. The meeting will include discussion of the renewal of the Information Collection Request for the Alternate Reporting Threshold Certification Statement (Form A) and possible modifications to the Form A or the alternate threshold to increase burden reduction for eligible facilities. Some time will also be spent at the May meeting following up on items discussed at the March 19-20 TDR meeting. One of the follow-up items is continued discussion on possible Committee recommendations on ways to more clearly present release data to the public to distinguish between the various methods of disposal while still making it possible to present meaningful statistics on a national basis about releases. Also, at the March meeting, the Committee broke up into four groups and came up with suggestions for overall revisions to the Form R. At the May meeting, the

Committee will discuss a draft of a consolidated version of those ideas.

Information on availability of meeting summaries from previous TDR meetings will be available on the TRI Home Page. The address of the TRI Home Page is <http://www.epa.gov/opptintr/tri>. This information can be found under the heading "TRI Stakeholder Dialogue." In addition, the agenda and an issue paper outlining topics for discussion at the May 27-28 Committee meeting will also be available at this same site prior to the meeting. Oral presentations or statements by interested parties will be limited to 5 minutes. Interested parties are encouraged to contact Cassandra Vail, to schedule presentations before the Committee.
