

regulations at 5 CFR Part 1320 (60 FR 44978, August 29, 1995), this notice announces the National Agricultural Statistics Service's (NASS) intention to request approval for a new information collection, the Childhood Agricultural Injury Study.

**DATES:** Comments on this notice must be received by July 6, 1998 to be assured of consideration.

**ADDITIONAL INFORMATION OR COMMENTS:** Contact Rich Allen, Associate Administrator, National Agricultural Statistics Service, U.S. Department of Agriculture, 1400 Independence Avenue, SW, Room 4117 South Building, Washington, D.C. 20250-2000, (202) 720-4333.

**SUPPLEMENTARY INFORMATION:**

*Title:* Childhood Agricultural Injury Study.

*Type of Request:* Intent to seek approval to conduct an information collection.

*Abstract:* The Childhood Agricultural Injury Study is designed to provide estimates of childhood nonfatal injury incidence and description of injury occurred. Data will be collected for children injured on farms in 50 states. Data will relate to accidents and injuries occurring during the 1998 calendar year. These data will be used by the National Institute of Occupational Safety and Health to establish a measure of the number and rate of childhood injuries associated with production agriculture; to study the specific types of injuries sustained; and to generate reports and disseminate information to all interested parties concerning the finding of this study. These data will be collected under the authority of 7 U.S.C. 2204(a). Individually identifiable data collected under this authority are governed by Section 1770 of the Food Security Act of 1985, 7 U.S.C. 2276, which requires USDA to afford strict confidentiality to non-aggregated data provided by respondents.

*Estimate of Burden:* Public reporting burden for this collection of information is estimated to average 3 minutes per response.

*Respondents:* Farms.

*Estimated number of Respondents:* 42,500.

*Estimated total Annual Burden on Respondents:* 2,125 hours.

Copies of this information collection and related instructions can be obtained without charge from Larry Gambrell, the Agency OMB Clearance Officer, at (202) 720-5778.

**Comments**

Comments are invited on: (a) Whether the proposed collection of information

is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to: Larry Gambrell, Agency OMB Clearance Officer, U.S. Department of Agriculture, 1400 Independence Avenue, SW, Room 4162 South Building, Washington, D.C. 20250-2000. All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Signed at Washington, D.C., March 19, 1998.

**SUPPLEMENTARY INFORMATION:**

**I. Abstract**

The Census Bureau has conducted the Annual Survey of Manufactures (ASM) since 1949 to provide key measures of manufacturing activity during intercensal periods. In census years ending in "2" AND "7", we mail and collect the ASM as part of the census of manufactures. This survey is an integral part of the Government's statistical program. The ASM furnishes up-to-date estimates of employment and payrolls, hours and wages of production workers, value added by manufacture, cost of materials, value of shipments by product class, inventories, and expenditures for both plant and equipment and structures. The survey provides data for most of these items for each of the 473 industries as defined in the North American Industry Classification System (NAICS). It also provides geographic data by state at a more aggregated industry level.

The survey also provides valuable information to private companies, research organizations, and trade associations. Industry makes extensive use of the annual figures on product class shipments at the U.S. level in its market analysis, product planning, and investment planning. The ASM data are used to benchmark and reconcile monthly and quarterly data on manufacturing production and inventories.

**II. Method of Collection**

The ASM statistics are based on a survey which includes two components, mail and non-mail. The mail portion of the survey is a probability sample of about 58,000 manufacturing establishments selected from a total of about 230,000 establishments. These 230,000 establishments represent all manufacturing establishments of multiunit companies (companies that operate at more than one physical location) and all single-establishment manufacturing companies that were mailed forms in the 1992 Census of Manufactures.

The non-mail portion of the survey is defined as all single-establishment manufacturing companies that we tabulated as administrative records in the 1992 Census of Manufactures. Although this portion includes approximately 140,000 establishments,

it accounted for less than 2 percent of the estimate for total value of shipments at the total manufacturing level for 1992. This administrative information, which includes payroll, total employment, industry classification, and physical location, is obtained under conditions which safeguard the confidentiality of both tax and census records.

**III. Data**

*OMB Number:* 0607-0449.

*Form Number:* MA-1000(L), MA-1000(S).

*Type of Review:* Regular Review.

*Affected Public:* Businesses or Other for Profit, Non-profit Institutions, Small Businesses or Organizations, and State or Local Governments.

*Estimated Number of Respondents:* 58,000.

*Estimated Time Per Response:* 5.6 hours.

*Estimated Total Annual Burden Hours:* 324,800.

*Estimated Total Annual Cost:* The estimated cost to the respondent for this work is estimated to be \$4,199,664.

*Respondent's Obligation:* Mandatory.

*Legal Authority:* Title 13, United States Code, Sections 182, 224, and 225.

**IV. Request for Comments**

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: April 24, 1998.
