## Substance Abuse and Mental Health Services Administration

### Current List of Laboratories Which Meet Minimum Standards To Engage in Urine Drug Testing for Federal Agencies, and Laboratories That Have Withdrawn From the Program

**AGENCY:** Substance Abuse and Mental Health Services Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** The Department of Health and Human Services notifies Federal agencies of the laboratories currently certified to meet standards of Subpart C of Mandatory Guidelines for Federal Workplace Drug Testing Programs (59 FR 29916, 29925). A similar notice listing all currently certified laboratories will be published during the first week of each month, and updated to include laboratories which subsequently apply for and complete the certification process. If any listed laboratory's certification is totally suspended or revoked, the laboratory will be omitted from updated lists until such time as it is restored to full certification under the Guidelines.

If any laboratory has withdrawn from the National Laboratory Certification Program during the past month, it will be identified as such at the end of the current list of certified laboratories, and will be omitted from the monthly listing thereafter.

This Notice is now available on the internet at the following website:

**FOR FURTHER INFORMATION CONTACT:** Mrs. Giselle Hersh or Dr. Walter Vogl, Division of Workplace Programs, Room 13A-54, 5600 Fishers Lane, Rockville, Maryland 20857; Tel.: (301) 443-6014.

**SUPPLEMENTARY INFORMATION:** Mandatory Guidelines for Federal Workplace Drug Testing were developed in accordance with Executive Order 12564 and section 503 of Pub. L. 100-71. Subpart C of the Guidelines, "Certification of Laboratories Engaged in Urine Drug Testing for Federal Agencies," sets strict standards which laboratories must meet in order to conduct urine drug testing for Federal agencies. To become certified an applicant laboratory must undergo three rounds of performance testing plus an on-site inspection. To maintain that certification a laboratory must participate in a quarterly performance testing program plus periodic, on-site inspections.

Laboratories which claim to be in the applicant stage of certification are not to be considered as meeting the minimum requirements expressed in the HHS Guidelines. A laboratory must have its letter of certification from SAMHSA, HHS (formerly: HHS/NIDA) which attests that it has met minimum standards.

In accordance with Subpart C of the Guidelines, the following laboratories meet the minimum standards set forth in the Guidelines:

### Fish and Wildlife Service

#### Comprehensive Conservation Plans; Availability, Etc: Noxubee National Wildlife Refuge, MS

**ACTION:** Notice of intent to prepare a comprehensive conservation plan for Noxubee National Wildlife Refuge in Noxubee, Winston, and Oktibbeha counties, Mississippi, and notice of meeting to seek public participation.

**SUMMARY:** This notice advises the public that the Fish and Wildlife Service, Southeast Region, intends to gather information necessary to prepare a comprehensive conservation plan and an environmental document (environmental assessment) for Noxubee National Wildlife Refuge in Noxubee, Winston, and Oktibbeha counties, Mississippi. The Service is furnishing this notice in compliance with Service comprehensive conservation plan policy and the National Environmental Policy Act and implementing regulations to achieve the following:

- (1) advise other agencies and the public of our intentions, and
- (2) obtain suggestions and information on the scope of issues, opportunities, and concerns for inclusion in the environmental documents.

**DATES:** The Service will hold a public scoping meeting at 7 p.m., May 12, 1998, in the Tully Auditorium, Forestry and Wildlife Building, Mississippi State University, Starkville, Mississippi. A second public meeting will be held to review the draft comprehensive conservation plan. It is anticipated that the draft will be available for public
