The companies will use the regulatory requirements to determine the minimum length of time to maintain their records. These records are retained to be used during financial/compliance audits of jurisdictional companies forming the basis of the audit staff's opinion regarding (1) the reliability of the financial data filed with Commission by companies, (2) the extent of conformance by the companies to the Uniform System of Accounts (3)

compliance with the Commission's regulations for rate filings and reports.

Respondent Description: The respondent universe currently comprises on average, 515 recordkeepers subject to the Commission's regulations.

6. *Estimated Burden:* 1,236,000 total burden hours, 515 respondents, 1 response annually, 2,400 hours per response (average).
