May 8, 1998.

Take notice that on May 5, 1998, Algonquin Gas Transmission Company (Algonquin) tendered for filing as part of its FERC Gas Tariff, Fourth Revised Volume No. 1, the corrected "hard copy" of the following tariff sheet to become effective May 31, 1998: Thirty First Revised Sheet No. 20A.

Algonquin states that the filing is submitted in supplement of its April 29, 1998 filing in Docket No. RP98-196-000 providing for the recovery of upstream transition costs of \$5,519.88 billed to Algonquin by Texas Eastern Transmission Corporation. Algonquin states that the sole purpose of this supplemental filing is to correct the pagination on the hard copy of Tariff Sheet No. 20A, and that the electronic version of such tariff sheet filed on April 29, 1998 needs no correction, since it was correct in the April 29, 1998 filing.

Algonquin states that copies of the filing were mailed to all affected customers and interested state commissions.

Any person desiring to protest this filing should file a protest with the Federal Energy Regulatory Commission, 888 First Street, NE, Washington, DC 20426, in accordance with § 385.211 of the Commission's Rules and Regulations. All such protests must be filed as provided in § 154.210 of the Commission's Regulations. [Docket Nos. CP72-50-001 and CP72-274-001]

Georgia-Pacific Corporation; Notice of Amendment

May 8, 1998

Take notice that on April 8, 1998, Georgia-Pacific Corporation (Georgia-Pacific), 233 Peachtree Street N.E., Atlanta, Georgia 30303, filed in Docket Nos. CP72-50-001 and CP72-274-001, an application as supplemented on May 6, 1998, pursuant to Section 7(c) of the Natural Gas Act (NGA) and Part 157 of the Federal Energy Regulatory Commission's (Commission) regulations, to amend the certificate of public convenience and necessity issued in Docket Nos. CP72-50-000 and CP72-274-000 to authorize Georgia-Pacific to increase the maximum certificated capacity of its 8-inch diameter pipeline, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Georgia-Pacific proposes to increase the maximum certificated capacity of its 19.5 mile, 8-inch diameter pipeline (the Crossett Pipeline) located in Morehouse Parish, Louisiana and Ashley County,

Arkansas from 23,460 Mcf per day to 56,000 Mcf per day by increasing the maximum operating pressure of the Crossett Pipeline from 460 psig to 960 psig which is within the maximum allowable operating pressure (MAOP) for the pipeline. Georgia-Pacific states that the increased capacity is required to accommodate increased quantities of gas to be purchased by Georgia-Pacific and transported on the Crossett Pipeline for consumption by Georgia-Pacific in its pulp, paper, and chemical plant (the Crossett Plant). Georgia-Pacific further states that it has never utilized any of its pipeline facilities to provide transportation services for another party.

Any person desiring to be heard or making any protest with reference to said application should on or before May 29, 1998, file with the Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding. The Commission's rules require that protestors provide copies of their protests to the party or person to whom the protests are directed. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

A person obtaining intervenor status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents issued by the Commission, filed by the applicant, or filed by all other intervenors. An intervenor can file for rehearing of any Commission order and can petition for court review of any such order. However, an intervenor must serve copies of comments or any other filing it makes with the Commission to every other intervenor in the proceeding, as well as filing an original and 14 copies with the Commission.

A person does not have to intervene, however, in order to have comments considered. A person, instead, may submit two copies of such comments to the Secretary of the Commission. Commenters will be placed on the Commission's environmental mailing list, will receive copies of environmental documents, and will be able to participate in meetings

associated with the Commission's environmental review process. Commenters will not be required to serve copies of filed documents on all other parties. However, commenters will not receive copies of all documents filed by other parties or issued by the Commission, and will not have the right to seek rehearing or appeal the Commission's final order to a Federal court.

The Commission will consider all comments and concerns equally, whether filed by commenters or those requesting intervenor status.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the NGA and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on these applications if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Georgia-Pacific to appear or be represented at the hearing.

Acting Secretary.
