BILLING CODE 6718-04-P

FEDERAL EMERGENCY MANAGEMENT AGENCY

44 CFR Part 67

Final Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Final rule.

SUMMARY: Base (1% annual chance) flood elevations and modified base flood elevations are made final for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that

each community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

EFFECTIVE DATES: The date of issuance of the Flood Insurance Rate Map (FIRM) showing base flood elevations and modified base flood elevations for each community. This date may be obtained by contacting the office where the maps are available for inspection as indicated on the table below.

ADDRESSES: The final base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the table below.

FOR FURTHER INFORMATION CONTACT: Matthew B. Miller, P.E., Chief, Hazards Study Branch, Mitigation Directorate, 500 C Street SW., Washington, DC 20472, (202) 646-3461.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency (FEMA or Agency) makes final determinations listed below of base flood elevations and modified base flood elevations for each community listed. The proposed base flood elevations and proposed modified base flood elevations were published in newspapers of local circulation and an opportunity for the community or individuals to appeal the proposed determinations to or through the community was provided for a period of ninety (90) days. The proposed base flood elevations and proposed modified base flood elevations were also published in the **Federal Register**.

This final rule is issued in accordance with section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR part 67.

The Agency has developed criteria for floodplain management in floodprone areas in accordance with 44 CFR part 60.

Interested lessees and owners of real property are encouraged to review the proof Flood Insurance Study and Flood Insurance Rate Map available at the address cited below for each community.

The base flood elevations and modified base flood elevations are made final in the communities listed below. Elevations at selected locations in each community are shown.

National Environmental Policy Act

This rule is categorically excluded from the requirements of 44 CFR part 10, Environmental Consideration. No

environmental impact assessment has been prepared.

Regulatory Flexibility Act

The Associate Director, Mitigation Directorate, certifies that this rule is exempt from the requirements of the Regulatory Flexibility Act because final or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to establish and maintain community eligibility in the National Flood Insurance Program. No regulatory flexibility analysis has been prepared.

Regulatory Classification

This final rule is not a significant regulatory action under the criteria of section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism

This rule involves no policies that have federalism implications under Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform

This rule meets the applicable standards of section 2(b)(2) of Executive Order 12778.

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR part 67 is amended as follows:

PART 67—[AMENDED]

1. The authority citation for part 67 continues to read as follows:

Authority: 42 U.S.C. 4001 *et seq.*; Reorganization Plan No. 3 of 1978, 3 CFR, 1978 Comp., p. 329; E.O. 12127, 44 FR 19367, 3 CFR, 1979 Comp., p. 376.

§ 67.11 [Amended]

2. The tables published under the authority of § 67.11 are amended as follows:

Source of flooding and location	# Depth in feet above ground. *Elevation in feet (NGVD)
ALABAMA	
Huntsville (City), Madison County (FEMA Docket Nos. 7199 and 7243)	
<i>Aldridge Creek:</i>

BILLING CODE 6718-04-P

DEPARTMENT OF DEFENSE

48 CFR Parts 225 and 252

[DFARS Case 97-D321]

Defense Federal Acquisition Regulation Supplement; Waiver of Domestic Source Restrictions

AGENCY: Department of Defense (DoD).

ACTION: Final rule.

SUMMARY: The Director of Defense Procurement has adopted as final, with changes, an interim rule that was published in the **Federal Register** on February 4, 1998. The rule amends the Defense Federal Acquisition Regulation Supplement (DFARS) to implement Section 811 of the National Defense Authorization Act for Fiscal Year 1998. Section 811 limits the authority for waiver of the domestic source restrictions of 10 U.S.C. 2534(a).

EFFECTIVE DATE: May 22, 1998.
FOR FURTHER INFORMATION CONTACT: Ms. Amy Williams, (703) 602-0131.

SUPPLEMENTARY INFORMATION:

A. Background

An interim rule with request for comments was published at 63 FR 5744 on February 4, 1998. The rule amended DFARS Parts 225 and 252 to implement Section 811 of the National Defense Authorization Act for Fiscal Year 1998 (Pub. L. 105-85). Section 811 provides that DoD may exercise the authority of 10 U.S.C. 2534(d), to waive the domestic source restrictions of 10 U.S.C. 2534(a), only if the waiver is made for a particular item and for a particular foreign country. 10 U.S.C. 2534(a) contains domestic source restrictions applicable to procurement of the following items: Buses, chemical weapons antidote, components for naval vessels (including air circuit breakers, anchor and mooring chain, and totally enclosed lifeboats), and ball and roller bearings.

One source submitted comments in response to the interim rule. The comments were considered in the formation of the final rule. The final rule adds guidance to clarify that, for contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, such waiver shall be applied as directed or authorized in the waiver to (1) subcontracts entered into on or after the effective date of the waiver; and (2) options for the procurement of items that are exercised after the effective date of the waiver, if the option prices are adjusted for any reason other than the application of the waiver.

B. Regulatory Flexibility Act

DoD certifies that this final rule will not have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.*, because there are no known small business manufacturers of buses, air circuit breakers, or the restricted chemical weapons antidote; the acquisition of anchor and mooring chain, totally enclosed lifeboat survival systems, and noncommercial ball and roller bearings is presently restricted to domestic sources by defense appropriations acts; and the restrictions of 10 U.S.C. 2534(a) do not apply to purchases of commercial items incorporating ball or roller bearings.

C. Paperwork Reduction Act

The Paperwork Reduction Act does not apply, because this final rule does not impose any information collection requirements that require the approval of the Office of Management and Budget under 44 U.S.C 3501, *et seq.*

List of Subjects in 48 CFR Parts 225 and 252

Government procurement.

Michele P. Peterson,

Executive Editor, Defense Acquisition Regulations Council.

Interim Rule Adopted as Final With Changes

Accordingly, the interim rule amending 48 CFR Parts 225 and 252, which was published at 63 FR 5744 on February 4, 1998, is adopted as final with the following changes:

1. The authority citation for 48 CFR Parts 225 and 252 continues to read as follows:

Authority: 41 U.S.C. 421 and 48 CFR Chapter 1.

PART 225—FOREIGN ACQUISITION

2. Section 225.7005 is amended by adding paragraph (a)(4) to read as follows:

225.7005 Waiver of certain restrictions.

* * * * *

(a) * * *

(4) For contracts entered into prior to the effective date of a waiver, provided adequate consideration is received to modify the contract, such waiver shall be applied as directed or authorized in the waiver to—

(i) Subcontracts entered into on or after the effective date of the waiver; and

(ii) Options for the procurement of items that are exercised after the effective date of the waiver, if the option
