

Title: Section 76.305, Records to be maintained locally by cable system operators for public inspection.

Form Number: N/A

Type of Review: Extension of a currently approved collection.

Respondents: Business and other for-profit entities.

Number of Respondents: 4,670 cable television systems.

Estimated Time Per Response: 26 hours.

Frequency of Response: Recordkeeping requirement.

Cost to Respondents: \$46,700 (printing, photocopying and stationery costs).

Total Annual Burden: 121,420 hours.

Needs and Uses: Section 76.305 requires cable television systems having 1,000 or more subscribers to maintain a public inspection file containing various records in accordance with the Commission's rules: These records are used by Commission staff in field inspections/investigations, by local public officials and by the public to assess a cable television system's performance and to ensure that the system is in compliance with all of the Commission's applicable rules and regulations.

OMB Control Number: 3060-0500.

Title: Section 76.607, Resolution of complaints.

Form Number: N/A

Type of Review: Extension of a currently approved collection.

Respondents: Business and other for-profit entities.

Number of Respondents: 11,365 cable television systems.

Estimated Time Per Response: 1-17 hours.

Frequency of Response:

Recordkeeping; Third Party Disclosure.

Cost to Respondents: \$56,825 (Printing, photocopying and stationery costs).

Total Annual Burden to Respondents: 204,570 hours.

Needs and Uses: On March 4, 1992, the Commission adopted a Report and Order, FCC 92-61, MM Docket Nos. 91-169 and 85-381, In The Matter of Cable Television Technical And Operational Requirements. Section 76.607 requires cable system operators to advise subscribers at least once each calendar year of the procedures for resolution of complaints about the quality of television signals delivered. Section 76.607 also requires that records be maintained by cable system operators on all such subscriber complaints and resolution of complaints for at least a one-year period. The data are used by local franchising authorities to assess

the technical performance of cable television systems and to ensure that quality service is being provided to subscribers.

Federal Communications Commission.

Magalie Roman Salas,

Secretary.

FEDERAL COMMUNICATIONS COMMISSION

[DA 98-988; CC Docket No: 90-571]

Notice of Publix Network Corporation's Telecommunications Relay Services (TRS) Application for Certification Accepted

Released: May 22, 1998.

Notice is hereby given that on April 15, 1998, Publix Network Corporation filed an application with the Commission for Interstate Telecommunications Relay Service (TRS) Certification. The Commission's rules state that TRS providers eligible for receiving payments from the Interstate TRS Fund are: (1) TRS facilities operated under contract with and/or by certified state TRS programs pursuant to 64.605; or (2) TRS facilities owned by or operated under contract with a common carrier providing interstate services operated pursuant to 64.604; or (3) Interstate common carriers offering TRS pursuant to 64.604. Publix Network Corporation must demonstrate that its TRS program complies with the Commission's rules for the provision of TRS, pursuant to Title IV of the Americans with Disabilities Act (ADA), 47 U.S.C. 225. These rules are codified at 47 CFR 64.601-605.

Copy of application for certification is available for public inspection at the Commission's Common Carrier Bureau, Network Services Division, Room 235, 2000 M Street, N.W., Washington, D.C., Monday through Thursday, 8:30 AM to 3:00 PM (closed 12:30 to 1:30 PM) and the FCC Reference Center, Room 239, 1919 M Street, N.W., Washington, D.C., daily, from 9:00 AM to 4:30 PM. Interested persons may file comments with respect to that application on or before June 22, 1998. Comments should reference file number, NSD-L-98-65. One original and five copies of all comments must be sent to Magalie Roman Salas, Secretary, Federal Communications Commission, 1919 M Street, N.W., Washington, D.C. 20554. Two copies also should be sent to the Network Services Division, Common Carrier Bureau, 2000 M Street, N.W., Room 235, Washington, D.C. 20554.

For further information, contact Al McCloud, (202) 418-2499, amcloud@fcc.gov, or Kris Monteith, (202) 418-1098, kmonteit@fcc.gov, (TTY: 202-418-0484), at the Network Services Division, Common Carrier Bureau, Federal Communications Commission.

Federal Communications Commission.

Dated: May 27, 1998.

Kent Nilsson,

Deputy Chief, Network Services Division, Common Carrier Bureau.

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

[DA 98-1001; CC Docket No. 90-571]

Notice of Telecommunications Relay Services (TRS) Certification

Released: May 27, 1998.

Notice is hereby given that the applications for certification of state Telecommunication Relay Services (TRS) programs of the states listed below have been granted, subject to the condition described below, pursuant to Title IV of the Americans with Disabilities Act of 1990, 47 U.S.C. 225(f)(2), and section 64.605(b) of the Commission's rules, 47 CFR 64.605(b). The Commission will provide further Public Notice of the certification of the remaining applications for certification once review of those states' applications has been completed. On the basis of the states applications, the Commission has determined that:

- (1) the TRS program of the listed states meet or exceed all operational, technical, and functional minimum standards contained in section 64.604 of the Commission's rules, 47 CFR 64.604;
- (2) the TRS programs of the listed states make available adequate procedures and remedies for enforcing the requirements of the state program; and,
- (3) the TRS programs of the listed states in no way conflict with federal law.

The Commission also has determined that, where applicable, the intrastate funding mechanisms of the listed states are labeled in a manner that promotes national understanding of TRS and does not offend the public, consistent with section 64.605(d) of the Commission's rules, 47 CFR 64.605(d).

On May 14, 1998, the Commission adopted a Notice of Proposed Rulemaking that proposes ways to enhance the quality of existing telecommunications relay services

(TRS) and expand those services for better use by individuals with speech disabilities. See Telecommunications Relay Services and Speech-to-Speech Services for Individuals with Hearing and Speech Disabilities, CC Docket No. 98-67, FCC 98-90 (rel. May 20, 1998). Because the Commission may adopt changes to the rules governing relay programs, including state relay programs, the certification granted herein is conditioned on a demonstration of compliance with any new rules ultimately adopted by the Commission. The Commission will provide guidance to the states on demonstrating compliance with such rule changes.

This certification, as conditioned herein, shall remain in effect for a five year period, beginning July 26, 1998, and ending July 25, 2003, pursuant to 47 CFR 64.605(c). One year prior to the expiration of this certification, July 25, 2002, the states may apply for renewal of their TRS program certifications by filing documentation in accordance with the Commission's rules, pursuant to 47 CFR 64.605(a) and (b).

Copies of certification letters are available for public inspection at the Commission's Common Carrier Bureau, Network Services Division, Room 235, 2000 M Street, N.W., Washington, D.C., Monday through Thursday, 8:30 AM to 3:00 PM (closed 12:30 to 1:30 PM) and the FCC Reference Center, Room 239, 1919 M Street, N.W., Washington, D.C., daily, from 9:00 AM to 4:30 PM.

First Group of States Approved for Certification

BILLING CODE 6712-01-P

FEDERAL COMMUNICATIONS COMMISSION

[DA 98-993]

Waiver of Business and Industrial/Land Transportation Channel Construction Requirements

1. We have before us three separate requests for a thirty-day extension of the time for filing comments and reply comments in response to the request of Southern Company for a waiver of section 90.629 of the Commission's Rules to further extend the extended implementation period for its 800 MHz Business and Industrial/Land Transportation (I/LT) Category channels that Southern has converted to commercial use.¹ We also invited comment on a number of related issues. On May 19, 1998, the Industrial Telecommunications Association, Inc. (ITA) and Nextel Communications, Inc., filed their requests. On May 22, 1998, the American Mobile Telecommunications Association, Inc. (AMTA) filed its request. Each petitioner requests that the time for filing comments be extended from May 28, 1998, to June 29, 1998, and that the time for filing reply comments be extended from June 12, 1998, to July 13,

¹ See Waiver of Business and Industrial/Land Transportation Channel Construction Requirements, 63 FR 26188 (May 12, 1998).
