

The withdrawal will expire on November 5, 2001, unless extended. This withdrawal extension requires legislative action by Congress pursuant to the Act of February 28, 1958, 43 U.S.C. 155-158, commonly known as the Engle Act. The land is currently withdrawn from all forms of appropriation under the public land laws, the mining laws, the mineral leasing laws, and the geothermal leasing laws pursuant to Pub. L. 99-606.

**DATES:** Comments and requests for meeting should be received on or before September 1, 1998.

**ADDRESSES:** Comments and meeting requests should be sent to the Nevada State Director, BLM, 1340 Financial Blvd., P.O. Box 12000, Reno, Nevada 89520.

**FOR FURTHER INFORMATION CONTACT:** Dennis J. Samuelson, BLM Nevada State Office, 702-861-6532.

**SUPPLEMENTARY INFORMATION:** On May 8, 1998, the Department of the Navy filed an application to extend the withdrawal for the Bravo-20 Bombing Range. The Navy has determined there is a continuing military need for the land and filed the application for extension in accordance with Section 8(a)(1) and (2) of Public Law 99-606. The legal description for Bravo-20 is as published in the 52 FR 3176, February 2, 1987, FR Doc. 87-1928, and the 52 FR 6227, March 2, 1987, FR Doc. 87-4232. The area described contains 21,576.40 acres in Churchill County.

A copy of the legal description is available by contacting Dennis J. Samuelson at the address or phone number listed above.

Bravo-20 is used by the Navy for testing and training for aerial bombing, missile firing, tactical maneuvering and air support, and other defense related purposes. There is also a need to protect the public's health and welfare from the hazardous operations conducted by the Navy. The land is contaminated with unexploded ordnance.

This withdrawal extension requires legislative action by Congress pursuant to the Act of February 28, 1958, 43 U.S.C. 155-158.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the proposed withdrawal extension may present their views in writing to the Nevada State Director of the Bureau of Land Management.

Notice is hereby given that an opportunity for a public meeting is afforded in connection with the

proposed withdrawal extension. The objective of a public meeting is to solicit public comments and meet the regulatory requirement for proposed extension of withdrawals that exceed 5,000 acres (43 CFR 2310.3-1(b)(2)(v)). A notice of the time and place will be published in the **Federal Register** and a newspaper in the general vicinity of the lands to be withdrawn at least 30 days before the scheduled date of the meeting.

Three public meetings were held in December 1997 for the purpose of scoping the environmental documentation to meet National Environmental Policy Act requirements for the proposed withdrawal extension. A draft environmental impact statement is expected to be released by the Navy for public review in the near future.

For a period of 2 years from the date of publication of this notice in the **Federal Register**, the land will be segregated from all forms of appropriation under the public land laws, the mining laws, the mineral leasing laws, and the geothermal leasing laws.

Dated: May 28, 1998.

**William K. Stowers,**  
Lands Team Lead.

#### Final Environmental Impact Statement for Visitor Services Plan, Crater Lake National Park, Oregon

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice of Availability of Final Environmental Impact Statement.

**SUMMARY:** Pursuant to § 102(2)(C) of the National Environmental Policy Act of 1969 (Pub. L. 91-190, as amended), the National Park Service has prepared a Final Environmental Impact Statement (FEIS) assessing the potential impacts of the Visitor Services Plan for Crater Lake National Park, Oregon. Once approved, the plan will guide the management and use of the developed areas of the park.

The Draft Environmental Impact Statement/Visitor Services Plan (DEIS) was released for public review on December 12, 1997. A Notice of Availability was published in the **Federal Register** on December 12, 1997, to formally initiate a 45-day public review period (which closed on January 26, 1998). The FEIS contains responses to the comments received and minor

modifications or clarifications to the document as needed in response to comments.

Alternative A (the proposed action) is a mix of proposals that are intended to protect park resources and enhance the visitor experience. Alternative B (no action) would continue the existing conditions at the park and would allow for the completion of any facilities currently under construction. Alternative C would offer more self-directed visitor experiences that would be less facility-dependent and less structured than at present. Alternative D would enhance interpretation and provide a wider variety of commercial and NPS visitor services. Alternative E is primarily based on the planning direction presented in the *Record of Decision* for the 1995 *Development Concept Plan/Environmental Impact Statement*, which focused on concentrating visitor facilities at Rim Village.

The environmental consequences of the proposed action and the alternatives were fully documented in the DEIS, and mitigation provided as appropriate to minimize impacts. The FEIS states that the removal of the parking lot north of the cafeteria building will have an adverse effect on the Rim Village Historic District. However, a programmatic agreement has been developed among the National Park Service, the state historic preservation office, and the Advisory Council on Historic Preservation to provide measures for mitigating the adverse effects.

**SUPPLEMENTARY INFORMATION:** It should be noted that this FEIS is an "abbreviated" final environmental impact statement (changes from the DEIS are minor, with no new information which might have a significant effect on the environment). The FEIS was prepared in accordance with environmental regulations set forth at 40 CFR 1503.4(c). It is recommended that readers of the FEIS have available a copy of the DEIS. The "no-action" period for this FEIS will end thirty (30) days after the Environmental Protection Agency has listed the availability of the document in the **Federal Register**. For further information, please contact the Superintendent, Crater Lake National Park, P.O. Box 7, Crater Lake, Oregon, 97064; telephone (541) 594-2211.

Copies of the FEIS will be available for public inspection at the park headquarters, as well as at area libraries.

Dated: May 19, 1998.

### Bureau of Reclamation

#### Narrows Project, Sanpete County, Utah, INT-DES-98-10

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of availability for draft environmental impact statement; extension of deadline for comments.

**SUMMARY:** The Bureau of Reclamation published a notice of availability of a draft environmental impact statement (DEIS) on March 12, 1998 (63 FR 12503). That notice specified how to obtain a copy of the DEIS and provided that comments would be accepted through May 12, 1998. Because of public interest in the Narrows Project and a need for additional time to allow interested parties to review and comment on the DEIS, that comment period has been extended for 30 days.

**DATES:** Written comments on the environmental impacts of the project should be received on or before June 11, 1998, in accordance with the criteria set forth in the March 12, 1998, notice of availability of the DEIS (63 FR 12503). All comments received between May 14, 1998 and June 11, 1998 will be accepted.
