Agency Information Collection Activities: Proposed Collection; Comment Request

In compliance with Section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 concerning opportunity for public comment on proposed collections of information, the Substance Abuse and Mental Health Services Administration will publish periodic summaries of proposed projects. To request more information on the proposed projects or to obtain a copy of the information collection

plans, call the SAMHSA Reports Clearance Officer on (301) 443-7978.

Proposed Project

Evaluation of Treatment Improvement Protocol (TIP) No. 24—New—Since 1992, the Center for Substance Abuse Treatment (CSAT) has published 26 Treatment Improvement Protocols (TIPs), which provide administrative and clinical practice guidance to the substance abuse treatment field. Up to six special studies will be conducted to evaluate the impact of TIPs. The first of these will evaluate the dissemination and impact of TIP No. 24—Guide to Substance Abuse Services for Primary Care Clinicians—on the clinical practices of primary care physicians and related health professionals. The information contained in the document has been published in three alternative lengths and formats: the complete TIP, a Concise Desk Reference, and a Pocket Reference Guide.

This study will examine the dissemination methods used by CSAT; the success of those methods in reaching the target audiences; users'

perceptions of the value of the alternative versions; decisions to implement the guidance presented in TIPs; and the successes, correlates, and barriers associated with implementation. The study will use a one-group posttest-only design and will survey five distinct target audiences of interest to CSAT: (1) the key administrative staff, regional representatives, and Board members of primary care associations, physician groups, and primary health care provider associations; (2) members of the American Academy of Family Physicians; (3) the American Society of Internal Medicine; (4) the American Academy of Physician Assistants; and (5) the American Nurses Association. Measures will include employment characteristics and outcomes associated with the following variables: TIP version received; awareness, receipt, and reading of the TIP; perceived utility of the TIP; and the impact of the TIP on changing clinical practices. The estimated annualized burden for a 1-year data collection period is summarized below.

	Number of respondents	Number of responses/re-spondent	Hours/re-sponse	Total burden hours
Opinion/leadership group	550	1	.1	55
AAFP	2100	1	.1	210
ASIM	2100	1	.1	210
APA	1650	1	.1	165
ANA	1650	1	.1	165
Total				805

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4374-N-01]

Manufactured Housing Construction and Safety Standards: Selection of Members of the Manufactured Home Advisory Council

AGENCY: Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Notice of selection of Advisory Council Members.

SUMMARY: Section 605(a) of the Act provides that the Secretary appoint a National Manufactured Home Advisory Council comprised of eight members selected from consumer organizations, community organizations and recognized community leaders; eight members from the Manufactured Home industry and related groups including at least one representative of small business; and eight members from government agencies including Federal, State and local governments. Section 605(b) provides that the Secretary shall, to the extent feasible, consult with the Advisory Council prior to establishing, amending, or revoking any Manufactured Home construction or safety standard. This Notice announces the appointment of members to the National Manufactured Home Advisory Council.

Background

The National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. 5401-5426), initiated a program that, in part, provides for the establishment by the Department of standards by which all Manufactured Homes are constructed. It further provides for preemption by these standards of all standards of a State or

political subdivision applicable to the same aspect of performance of a Manufactured Home that are not identical to the Federal Manufactured Home construction and safety standard.

By **Federal Register** Notice dated February 26, 1997 (62 FR 8664), the Department requested of the public nominations for persons interested in being appointed, in one of the three general categories cited above, as members of the National Manufactured Home Advisory Council. A total of 52 nominations were received, and from that number 24 have been selected by the Secretary to serve on the Council. In addition, one person has been selected as an alternate in each of the three categories. All appointments to the Council shall be effective for a period of 2 years from the publication date of this Notice in the **Federal Register**.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-4374-N-02]

Manufactured Housing Construction and Safety Standards: Notice Announcing the Selection of a Private Consensus Standards Development Organization

AGENCY: Office of the Assistant Secretary for Housing-Federal Housing Commissioner, HUD.

ACTION: Notice of selection of a private consensus standards development organization.

SUMMARY: By a **Federal Register** Notice published on August 6, 1997 (62 FR 42382), HUD requested statements of interest from organizations interested in coordinating and developing suggestions for changes to the Federal Manufactured Home Construction and Safety Standards (FMHCSS). HUD would consider these suggestions for adoption into the FMHCSS, through HUD's regular notice-and-comment rulemaking process. Through a similar process completed 10 years ago, HUD had selected the Council of American Building Officials to help develop and maintain recommended standards. Based upon the statements of interest received in response to the August 7, 1997, Notice, HUD is announcing the selection of the National Fire Protection Association (NFPA) for this purpose. HUD will, however, continue to consider standards developed by organizations and persons other than NFPA for incorporation into the FMHCSS.

FOR FURTHER INFORMATION CONTACT:

David R. Williamson, Director, Office of Consumer and Regulatory Affairs, Department of Housing and Urban Development, Room 9156, 451 7th Street SW, Washington DC 20410-0500; telephone (202) 708 6401, or on e-mail through Internet at David_R_Williamson@hud.gov. For hearing and speech impaired persons, the telephone number may be accessed by calling the Federal Information Relay Service at 1-800-877-8339. (Other than the "800" number, these telephone numbers are not toll free.)

Background

The National Manufactured Housing Construction and Safety Standards Act of 1974 (42 U.S.C. 5401-5426), initiated a program that, in part, provides for the establishment by the Department of standards by which all Manufactured Homes are constructed. It further provides for preemption by these standards of all standards of a State or political subdivision applicable to the same aspect of performance of a Manufactured Home that are not identical to the Federal Manufactured Home construction and safety standard.

In the August 6, 1997 **Federal Register** Notice, the Department requested statements of interest from private organizations to administer a voluntary process for the development of suggested Manufactured Housing standards. The Department was seeking to use a private consensus standards development organization to speed up the process of developing new standards to the benefit of both the consumer and the industry. Among other requirements, the Department wanted assurances that the submitting organization would seek to ensure that its suggestions for changes to the FMCHSS reflect a balance of interests and that the submitting organization would be willing to give priority consideration to developing suggestions for standards identified by the Department as requiring prompt attention. The Department further stated that by use of this standards development process it would not relinquish its responsibility and authority under the Act to establish and enforce the FMHCSS. The Department hopes, however, that under most circumstances, standards developed by this voluntary standards body would be accepted as submitted for publication as a proposed rule and it would go through the full notice-and-comment rulemaking set out in the Administrative Procedure Act (5 U.S.C. 553). Finally, the Department listed what it wished to see in the statements of interest and the criteria to be used in reviewing them. A similar process had been used by the Department when it announced the first selection of a voluntary standards development organization (CABO).

Selection

In response to the August 6, 1997 **Federal Register** Notice, the Department received several sets of comments and two entities responded with proposals for selection as HUD's consensus standards development organization. These were the Council of American Building Officials and the National Fire
