South Georgia Natural Gas Company; Notice of Proposed Changes to FERC Gas Tariff

June 2, 1998.

Take notice that on May 29, 1998, South Georgia Natural Gas Company (South Georgia) tendered for filing as part of its FERC Gas Tariff, Second Revised Volume No. 1, the following revised tariff sheets, to be effective July 1, 1998:

Tenth Revised Sheet No. 6

South Georgia states that the instant filing is submitted pursuant to Section 19.2 of the General Terms and Conditions of its Tariff to adjust its fuel retention percentage (FRP) for all transportation services on its system effective July 1, 1998. The derivation of the revised FRP is based on South Georgia's gas required for operations (GRO) for the twelve-month period ending April 30, 1998, adjusted for the balance accumulated in the Deferred GRO Account at the end of said period, divided by the transportation volumes received during the same twelve-month period. Based on this calculation, the revised FRP is 2.24% which is an increase from the currently effective FRP of 1.70%.
