Sixty Day Notice of Intention To Request Clearance of Collection of Information; Opportunity for Public Comment

AGENCY: Department of the Interior, National Park Service, and Padre Island National Seashore.

ACTION: Notice and request for comments.

SUMMARY: The National Park Service (NPS) is proposing in 1998-99 to conduct on-site surveys of visitors to Padre Island National Seashore and Mustang Island regarding their perception and understanding of beach garbage (that has washed ashore from the Gulf of Mexico) and their preference regarding shoreline garbage cleaning methods.

Under provisions of the Paperwork Reduction Act of 1995 and 5 CFR Part 1320, Reporting and Record Keeping Requirements, the National Park Service is soliciting comments on the need for gathering the information in the proposed surveys. The NPS also is asking for comments on the practical utility of the information being gathered; the accuracy of the burden hour estimate; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to

minimize the burden to respondents, including use of automated information collection techniques or other forms of information technology. The NPS goal in conducting these surveys to incorporate survey information into a research report to be used by the National Seashore and local municipalities to guide planning and alternative management strategies for cleaning shoreline garbage from the beaches.

SEND COMMENTS TO: John Miller, Chief, Division of Science, Resources Management, and Interpretation, Padre Island National Seashore, 9305 S.P.I.D., Corpus Christi, TX 78418.
