Notice of Availability of an Environmental Assessment/Habitat Conservation Plan (EA/HCP) and Receipt of Application for Incidental Take Permit for Construction of One Single Family Residence on 0.75 Acre of the 18.79 acres on Spicewood Springs Road in Travis County, TX

SUMMARY: Daniel O. Shelley (Applicant) has applied to the Fish and Wildlife Service (Service) for an incidental take permit pursuant to Section 10(a) of the

Endangered Species Act (Act). The Applicant has been assigned permit numbers PRT-840322. The requested permit, which is for a period of 5 years, would authorize the incidental take of the endangered golden-cheeked warbler (*Dendroica chrysoparia*). The proposed take would occur as a result of the construction of one single family residence on Spicewood Springs Road, Austin, Travis County, Texas.

The Service has prepared the Environmental Assessment/Habitat Conservation Plan (EA/HCP) for the incidental take application. A determination of jeopardy to the species or a Finding of No Significant Impact (FONSI) will not be made until at least 30 days from the date of publication of this notice. This notice is provided pursuant to Section 10c of the Act and National Environmental Policy Act regulations (40 CFR 1506.6).

DATES: Written comments on the application should be received on or before July 27, 1998.

ADDRESSES: Persons wishing to review the application may obtain a copy by writing to the Regional Director, U.S. Fish and Wildlife Service, P.O. Box 1306, Albuquerque, New Mexico 87103. Persons wishing to review the EA/HCP may obtain a copy by contacting Christina Longacre, Ecological Services Field Office, 10711 Burnet Road, Suite 200, Austin, Texas 78758 (512/490-0063). Documents will be available for public inspection by written request, by appointment only, during normal business hours (8:00 to 4:30), U.S. Fish and Wildlife Service, Austin, Texas. Written data or comments concerning the application(s) and EA/HCPs should be submitted to the Field Supervisor, Ecological Field Office, Austin, Texas at the above address. Please refer to permit number PRT-840322 when submitting comments.

FOR FURTHER INFORMATION CONTACT:

Christina Longacre at the above Austin Ecological Service Field Office.

SUPPLEMENTARY INFORMATION: Section 9 of the Act prohibits the "taking" of endangered species such as the golden-cheeked warbler. However, the Service, under limited circumstances, may issue permits to take endangered wildlife species incidental to, and not the purpose of, otherwise lawful activities. Regulations governing permits for endangered species are at 50 CFR 17.22.

Applicant: Daniel O. Shelley plans to construct a single family residence on Spicewood Springs Road Austin, Travis County, Texas. This action will eliminate less than one acre of land and will indirectly impact less than eight additional acres of golden-cheeked

warbler habitat. The applicant proposes to compensate for this incidental take of golden-cheeked warbler habitat by placing \$1,500 into the Balcones Canyonlands Preserve to acquire/manage lands for the conservation of the golden-cheeked warbler.

Alternatives to this action were rejected because selling or not developing the subject property with federally listed species present was not economically feasible.

Dated: June 16, 1998.

Renne Lohofener,

Acting Regional Director, Fish and Wildlife Service.

Emergency Closure of the Lordsburg Playa to Off-Highway Vehicles (OHV), Hidalgo County, NM

AGENCY: Bureau of Land Management (BLM), Interior.

ACTION: Emergency closure.

SUMMARY: Notice is hereby given that effective immediately, the Las Cruces Field Office is implementing emergency closure of an existing OHV area known as the Lordsburg Playa. The area is closed to all vehicle use except for administrative purposes. This closure extends to both motorized and non-motorized vehicles, including landsail craft. This action is taken to aid in reducing the blowing dust from the Lordsburg Playa across Interstate Highway 10 west of Lordsburg, New Mexico. The dust storms have caused four fatalities on this portion of the Interstate and resulted in closure of the Interstate on 5 consecutive days since June 13. The authority for this emergency closure is 43 CFR 8364.1: Closure and Restriction Orders.

The following public land is affected by the closure:

The purpose of this action is to reduce impacts to the soil on the Lordsburg Playa. Once the soil surface is disturbed, it is highly susceptible to wind erosion. Windy conditions this year have produced heavy dust storms in the area resulting in low visibility on nearby

Interstate Highway 10. These conditions have caused 4 fatal accidents on the highway and required that the highway be closed for up to 9 hours per day for 5 consecutive days since June 13.

Copies of this closure order and maps showing the location of the area are available from the Las Cruces Field Office, 1800 Marquess, Las Cruces, New Mexico, 88005 during normal business hours, Monday through Friday, 7:45 a.m. to 4:30 p.m.
