

purpose and goals of the VSP are to achieve and maintain a level of sanitation that will lower the risk for gastrointestinal and other disease outbreaks and assist the passenger line industry in its effort to provide a healthful environment for passengers and crew.

Comments and suggestions for revision of the manual must include appropriate text specific documentation and/or references providing the scientific support for any suggested change or addition to the current operations manual. The VSP will evaluate all comments and suggestions received and will draft a revised operations manual for discussion and review by interested parties and the public. The draft document will be circulated to the industry and others, and VSP will hold a public meeting in October or November, 1998, to allow discussion of the draft manual. The final draft of a revised operations manual is planned for January 1, 1999.

Dated: July 2, 1998.

#### **Request for Public Comments on Information Collection Submitted to the Office of Management and Budget for Review Under the Paperwork Reduction Act**

A request revising and extending the collection of information listed below has been submitted to the Office of Management and Budget for approval under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35). Copies of the proposed collection of information and related forms may be obtained by contacting the Bureau's Clearance Officer at the phone number listed below. OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days; therefore, public comments should be submitted to OMB within 30 days in order to assure their maximum consideration. Comments and suggestions on the requirement should be made directly to the Desk Officer for the Interior Department, Office of Information and Regulatory Affairs, Office of Management and Budget, Washington, DC 20503 and to the Bureau Clearance Officer, U.S. Geological Survey, 807 National Center, Reston, VA 20192. As required by OMB regulations at 5 CFR 1320.8(d)(1), the U.S. Geological Survey solicits specific public comments regarding the proposed information collection as to:

1. whether the collection of information is necessary for the proper performance of the functions of the Bureau, including whether the information will have practical utility;
2. the accuracy of the Bureau's estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
3. the utility, quality, and clarity of the information to be collected; and,
4. how to minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated electronic, mechanical, or other forms of information technology.

*Title:* Ferrous Metals Surveys.

*Current OMB approval number:* 1032-0006.

*Abstract:* Respondents supply the U.S. Geological Survey with domestic production and consumption data on ferrous and related metals. This information will be published as monthly and annual reports for use by Government agencies, industry, and the general public.

*Bureau form numbers:* Various (18 forms).
